## PROFESSIONAL EXPERIENCE — 3.5 YEARS

**Software Engineer — HCL Technologies, Chennai, India** Sep 2021 – Jan 2025

- Produced and edited a library of **install photography**, including roof work, array details, and finished systems, for use in sales collateral and website updates.
- Filmed and edited **short-form vertical video** for social media channels, showcasing install timelapses and before/after system transformations, achieving an average of **15,000 views** per video.
- Authored **website copy** for service pages and case studies, detailing system sizes, customer savings, and engineering decisions, contributing to a **12% increase** in website engagement.
- Developed **blog and SEO articles** on topics such as solar grants and battery storage, incorporating relevant keywords to improve search engine visibility.
- Collaborated with sales and quoting teams to ensure timely delivery of marketing materials, including **social captions and ad copy support**, for ongoing campaigns.
- Shot and edited **customer testimonials**, capturing key benefits and engineering insights to serve as high-value assets for the sales team, resulting in over **20 completed videos**.
- Managed a content calendar, ensuring weekly publication across website, social media, and email channels, and obtained written consent from customers prior to filming or photographing their homes.

## SKILLS

**Content Creation** – Video Production, Photography, Editing, Copywriting, Social Media Content, SEO Content, Email Marketing, Website Content

**Video Editing Software** – Adobe Premiere Pro, DaVinci Resolve, Final Cut Pro

**Photo Editing Software** – Adobe Photoshop, Adobe Lightroom

**Photography Equipment** – Camera Operation, Lighting, Composition

**Content Management** – Content Calendar Management, Publishing Schedules, Asset Organisation

## PROJECTS

### Solar Install Showcase Video Series

- Produced a series of **short-form videos** highlighting the installation process of solar PV systems, from initial site assessment to final system activation.
- Filmed and edited content for platforms like Instagram and TikTok, focusing on **timelapses, before-and-after transformations**, and engineer explainers.
- Edited footage to include **on-screen text and subtitles** for clarity and accessibility, ensuring content was optimized for each platform's specifications.

### Customer Case Study & Website Content Development

- Developed detailed **case studies** based on completed solar PV installations, documenting system specifications, customer energy bills before and after, and the underlying engineering rationale.
- Wrote and refined **website copy** for service pages and area-specific landing pages, focusing on clear, benefit-oriented language tailored for potential customers.
- Organised and tagged a library of **install photography** and customer testimonials for easy retrieval by sales and web teams.

## EDUCATION

**M.Sc. Data Analytics — National College of Ireland, Dublin** Feb 2026

**B.E. Computer Science — SNS College of Technology, Coimbatore, India** 2021

## CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
