HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • **Stamp 1G — Full-Time Work Eligible**

PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Developed and maintained **Oracle SQL** and **PL/SQL** scripts for data provisioning and ETL processes, ensuring data integrity for asset management equity data.
- Optimized **SQL queries** and **PL/SQL packages**, reducing data retrieval times by an average of **30%** for critical reporting datasets.
- Collaborated with project teams across multiple geographic locations to deliver complex technical features in an **Agile** development environment.
- Designed and implemented **logical data models** and relational database schemas for new data warehousing initiatives.
- Wrote and executed unit tests and integration tests for **PL/SQL** code, ensuring adherence to **Oracle Xplans** and best engineering practices.
- Contributed to the development of **Data APIs** using **Python**, facilitating data access for downstream analytical applications on **AWS**.
- Containerized data processing jobs using **Docker** and deployed them to **AWS EC2** instances, improving deployment consistency and reducing setup time by **40%**.

SKILLS

Databases – Oracle SQL, PL/SQL, PostgreSQL, MySQL, relational database design, logical data modelling, Snowflake

Programming Languages – Python, Unix scripting

Cloud Platforms – AWS (EC2, S3, Lambda, CloudWatch)

ETL & Data Warehousing – ETL development, Data Warehousing knowledge

Development Practices – Agile, CI/CD, Test-Driven Development, Code Reviews, Source Control Systems (Git), Jenkins

Tools & Technologies – Docker, AutoSys, Oracle APEX

PROJECTS

Equity Data Platform Enhancement

- Developed robust **PL/SQL** stored procedures and functions to ingest and transform large volumes of equity market data, supporting daily batch loads.
- Implemented performance tuning techniques on **Oracle** databases, including indexing strategies and query optimization, reducing ETL job runtimes by up to **28%**.
- Authored comprehensive documentation and unit tests for all developed **SQL** and **PL/SQL** components, ensuring maintainability and adherence to team standards.

AWS Data API for Investment Analytics

- Designed and built a **Python**-based RESTful API service deployed on **AWS Lambda** to expose curated equity datasets to internal analytics teams.
- Integrated the API with an **Oracle** data source, creating efficient data retrieval mechanisms and applying **logical data modelling** principles for optimal performance.
- Managed API versioning and implemented basic authentication, enabling secure and reliable data access for over **15** analytical users.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
