PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Designed and implemented network infrastructure solutions for large-scale enterprise environments, including **WAN**, **Campus**, and **Data Centre** networks.
- Administered and maintained network delivery for projects, ensuring seamless hand-off to support teams and adherence to customer service expectations.
- Managed the efficient daily operations and maintenance of IT services by implementing **automation** and orchestration capabilities.
- Provided technical solutions to complex networking challenges, collaborating with Solutions Architecture and other departments to ensure successful technology project implementation.
- Took end-to-end ownership of network issues, proactively identifying areas for improvement and leading efforts to standardize and simplify processes.
- Managed **Cisco routing and switching** technologies, including configuration, troubleshooting, and performance optimization across enterprise-scale networks.
- Deployed and managed **firewalls** and **VPN** devices, ensuring secure connectivity and compliance with infrastructure security policies.

SKILLS

Networking – Cisco routing, Cisco switching, WAN, Campus networks, Data Centre networks, Wireless networks, Cisco SD-WAN, Viptela, Meraki, Firewalls, VPN devices, Load balancers

Cloud – Azure fundamentals (AZ900), AZ700 Azure networking

Infrastructure as Code – Terraform

Operating Systems – Linux

Scripting & Automation – Python

Monitoring & Observability – Splunk, Dynatrace, CloudWatch

PROJECTS

Enterprise Network Infrastructure Deployment

- Engineered and deployed a hybrid network environment integrating **Cisco SD-WAN** with existing **Data Centre** infrastructure for a financial services client.
- Configured and managed **firewall** policies and **VPN** tunnels to secure inter-site communication and ensure regulatory compliance.
- Developed automation scripts in **Python** to streamline device configuration and reduce manual deployment errors by approximately 30%.

Azure Network Migration and Management

- Managed the migration of on-premises network services to **Azure**, ensuring continuity for business-critical applications.
- Implemented and managed **Terraform** modules for provisioning and configuring **Azure networking** resources, including virtual networks and load balancers.
- Provided operational support for the cloud network environment, including monitoring and incident response using **CloudWatch** and Azure Monitor.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
