PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Supported international deal desk operations by coordinating with **Sales Operations**, **Finance**, and **Product** teams to resolve deal queries and accelerate review cycles.
- Assisted in managing quote and contract approval workflows for pricing and discounts, adhering to **Deal Desk guidelines** and company best practices.
- Contributed to month-end and quarter-end activities by reviewing **contracts** and **order forms** for completeness and accuracy, supporting associated reporting efforts.
- Developed a deep understanding of deal structures and guided **Account Executives** on options that align with customer needs and company policies.
- Collaborated with **Finance** and **Legal** teams to support contract language reviews, ensuring transactions met revenue recognition and operational requirements.
- Facilitated efficient quoting and contracting processes by partnering with **Sales**, **Finance**, and **Legal**, ensuring information accuracy within **Fivetran's systems**.
- Managed **Jira** tickets and **Confluence** pages for tracking deal progress and documenting procedural updates for the sales organization.

SKILLS

CRM/CPQ – Salesforce CPQ, Salesforce

Contract Management – Ironclad

Sales Operations – Deal Desk, Quoting, Contracting, Order Forms, Discount Management

Business Systems – Spreadsheets, Business Intelligence Tools

Collaboration – Cross-functional Communication, Stakeholder Management, Customer Service

PROJECTS

Enterprise Deal Support Automation (HCL Technologies)

- Developed Python scripts to automate the generation of standard quote documents, reducing manual processing time by **40%** for a team of 8 sales representatives.
- Integrated a custom-built quote generation tool with an internal CRM using REST APIs, ensuring seamless data flow and reducing data entry errors by approximately **15%**.
- Created detailed process documentation and conducted training sessions for the sales team on the new automated quoting system, improving user adoption and efficiency.

Financial Operations Dashboard Enhancements (HCL Technologies)

- Enhanced a payments operations dashboard by building new **Java Spring Boot** services to process and display real-time transaction status updates, improving visibility for operations teams.
- Implemented SQL queries across **PostgreSQL** to aggregate and validate transaction data, ensuring accuracy for reconciliation workflows and operational alerting.
- Contributed to the production support of the dashboard, triaging and resolving P1/P2 incidents related to transaction monitoring and data integrity within strict SLAs.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021
