PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Developed and maintained **Java Spring Boot** REST APIs for enterprise applications, handling requests for core business logic and data retrieval.
- Implemented complex data persistence logic using **Hibernate** and JPA, managing relationships and ensuring data integrity across multiple tables in a PostgreSQL database.
- Designed and wrote modular, object-oriented Java code, adhering to design patterns and achieving high code coverage with **JUnit** and Mockito unit tests.
- Collaborated with a 5-person engineering team on code reviews and sprint planning for a new web platform, contributing to technical estimations and agile ceremonies.
- Worked across diverse technology stacks including **.NET** and **Vue.js**, adapting to new frameworks and contributing to feature development on client websites.
- Supported and troubleshooted issues across **C#** backend services and **Razor** front-end components, resolving production defects and improving application stability.
- Containerized multiple Java applications using **Docker** and deployed them to an **AWS EC2** environment, configuring basic resource limits and network access.

SKILLS

Backend Development – C#, .NET 10, Java, Spring Boot, Hibernate, JPA, REST APIs, Web APIs

Frontend Development – Vue.js, Razor, SASS/CSS, HTML

Databases – SQL Server, PostgreSQL, MySQL, Oracle, Entity Framework

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git

CMS – EPiServer (Optimizely)

Mobile App Support – iOS, Android

PROJECTS

Enterprise Java Application Modernization

- Re-architected legacy Java services into a microservices-based system using **Spring Boot** and **Hibernate**, improving modularity and maintainability for a financial operations dashboard.
- Developed new RESTful APIs to expose core functionalities, integrating with PostgreSQL and Oracle databases through JPA, processing an average of **1,500 transactions** per hour.
- Implemented comprehensive unit and integration tests using **JUnit** and Mockito, increasing code coverage by **40%** and reducing post-deployment bugs.

Customer Web Platform Enhancement

- Contributed to the development of new features for client websites using **.NET** and **Razor**, focusing on user interface improvements and backend logic.
- Assisted in debugging and resolving issues across the **Vue.js** front-end and supporting APIs, enhancing the user experience for internal enterprise applications.
- Documented system configurations and deployment procedures for the updated platform, aiding in smoother change management processes.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
