HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • **Stamp 1G — Full-Time Work Eligible**

PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Installed and commissioned **telecom systems** and network infrastructure at client sites, ensuring seamless integration with existing infrastructure.
- Responded to field service requests, performing on-site diagnostics to identify technical faults in **telecommunications equipment** and implementing timely resolutions.
- Conducted detailed site surveys and assessments to plan and execute new installations and critical system upgrades.
- Provided comprehensive technical support and hands-on training to clients during the handover of newly installed systems, ensuring user adoption.
- Collaborated with internal support teams to troubleshoot and resolve complex technical issues, documenting solutions for future reference.
- Maintained meticulous records of all site visits, system configurations, and completed work using **Jira** and **Confluence** for audit and reporting purposes.
- Managed a full, clean **Irish/EU driving license**, facilitating efficient travel to client locations across various regions.

SKILLS

Telecommunications – Telecom Systems, Cabling, Networking Protocols, Cloud Telephony, VoIP, PBX Platforms, Ericsson-LG iPECS

Field Service – On-site Installation, Maintenance, Troubleshooting, Site Surveys, Commissioning, Technical Support, Client Training

Networking – TCP/IP, LAN/WAN, Network Configuration, Network Protocols

Software & Tools – Jira, Confluence, Splunk, Dynatrace, Jenkins, Git, Linux Shell Scripting

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker

Programming & Scripting – Python, Java, SQL

PROJECTS

Field Installation and Configuration of Enterprise VoIP Systems

- Deployed and configured **VoIP systems** and associated network infrastructure for enterprise clients, including PBX setup and user account provisioning.
- Performed end-to-end testing and commissioning of installed **telecom equipment**, verifying call routing, quality of service, and integration with client networks.
- Developed standardized installation guides and provided technical handover sessions to client IT teams, ensuring smooth operation post-deployment.

Network Infrastructure Upgrade and Support for Financial Services

- Managed the upgrade of network cabling and hardware components for a financial services client, ensuring minimal disruption to **transaction monitoring** operations.
- Automated routine system checks and log analysis using **Python scripts**, reducing manual effort and improving detection of potential network anomalies.
- Provided on-site support for critical incidents related to network connectivity and system performance, adhering to strict SLAs.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
