PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Administered **Google Workspace** and **JumpCloud** for user lifecycle management, configuring **SSO** and **MFA** for a 150-person organization.
- Managed macOS and Windows device enrollment and policy deployment via **JumpCloud**, supporting **CrowdStrike** endpoint protection for the engineering team.
- Provided **Level 1 and Level 2 IT support**, resolving hardware, software, and access issues, and authored user guides to address recurring problems.
- Coordinated the migration of user accounts and data from **Microsoft 365 to Google Workspace**, including re-enrolling devices from Intune.
- Maintained an inventory of **SaaS applications**, integrating platforms like **Atlassian** and **Slack** with the identity provider and identifying unused licenses.
- Applied security standards across identities, devices, and applications, collecting logs to support incident investigations and escalating risks.
- Automated repetitive IT tasks using **Python scripting**, reducing manual effort in user onboarding and deprovisioning processes by approximately **30%**.

SKILLS

Identity & Access Management – Google Workspace, JumpCloud, Microsoft 365, SSO, MFA, Role-Based Access Control, User Lifecycle Management

Endpoint Management – macOS, Windows, JumpCloud, Intune, CrowdStrike, Application Deployment, Policy Management

Cloud Platforms – AWS (EC2, S3, Lambda, CloudWatch)

Scripting & Automation – Python, Shell Scripting

IT Support – Level 1 Support, Level 2 Support, User Guides, Incident Response

Application Administration – SaaS Platforms, Atlassian, Slack, NetSuite, Intercom, Shopify

Security – Endpoint Security, Access Control, Log Collection

PROJECTS

Enterprise Identity and Access Management Overhaul

- Designed and implemented a centralized identity management solution using **JumpCloud**, integrating **Google Workspace** and key **SaaS applications**.
- Automated the user onboarding and offboarding process with **Python scripts**, reducing manual intervention by an estimated **40%** and improving accuracy.
- Configured **SSO and MFA** across all managed applications, enhancing security posture and simplifying user access for a team of 100+.

Cross-Platform Device Management and Automation

- Managed a fleet of **macOS and Windows devices** using **JumpCloud**, deploying software and security policies remotely.
- Developed **shell scripts** to automate routine system checks and log analysis on Linux servers, decreasing diagnostic time by **20%**.
- Supported the integration of **CrowdStrike** endpoint protection, ensuring consistent security enforcement across all managed endpoints.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
