HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • **Stamp 1G — Full-Time Work Eligible**

PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Administered and configured **HPE Alletra storage systems** and **SAN infrastructure**, ensuring high availability for enterprise IT systems.
- Maintained and optimized **Brocade SAN switches**, proactively investigating and resolving performance and connectivity issues across primary and DR sites.
- Managed **Commvault backup plans**, schedules, and replication for enterprise data, including performing critical restore operations and monitoring daily reports.
- Supported the integration of **Oracle RMAN** with Commvault for robust database backup and recovery solutions, ensuring data integrity.
- Provisioned and expanded storage capacity for diverse enterprise IT systems, directly contributing to the scalability of critical applications.
- Contributed to **disaster recovery planning** and implementation, including storage replication and coordination with VMware Site Recovery Manager.
- Performed daily analysis of system alerts and **backup reports**, triaging and resolving issues to maintain operational stability.

SKILLS

Storage Area Network (SAN) – HPE Alletra, Brocade SAN switches, SAN infrastructure, storage capacity provisioning

Backup & Recovery – Commvault, Dell NetWorker, Oracle RMAN, HPE StoreOnce, data replication, restore operations

Operating Systems – Linux (CLI, SAN device configuration, troubleshooting)

Virtualization & DR – VMware Site Recovery Manager, Oracle Data Guard, data centre migration, virtual machine migration

Infrastructure Management – Enterprise IT systems, system alerts, disaster recovery solutions, high availability

Cloud & Data Centre – Data centre migration, DR sites, storage replication

PROJECTS

Enterprise SAN Infrastructure Upgrade (HCL Technologies)

- Executed an upgrade of the enterprise **SAN infrastructure** across primary and DR sites, replacing legacy hardware with **HPE Alletra** systems.
- Configured and tested **Brocade SAN switch** fabric, optimizing zoning and connectivity to support increased data throughput for critical applications.
- Documented new configuration standards and supported operations teams in adopting the updated storage management procedures, reducing incident response time by 15%.

Commvault Backup & Recovery Enhancement (HCL Technologies)

- Refactored **Commvault backup plans** and schedules to improve efficiency and reduce backup windows by approximately 20% for key databases.
- Implemented and tested storage replication policies within **Commvault** to enhance disaster recovery capabilities for mission-critical systems.
- Developed automated report parsing for daily **backup jobs**, flagging anomalies and reducing manual review effort by 8 hours per week.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
