PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Administered and optimised **Microsoft Azure** infrastructure, including virtual machines, storage, and networking, supporting a **hybrid cloud environment**.
- Managed **Microsoft 365 services** such as Exchange Online, SharePoint Online, and Teams, ensuring high availability and user access.
- Implemented and managed **Microsoft Entra ID** features, including identity and access management, Conditional Access policies, and MFA to secure user access.
- Deployed and configured **Microsoft Intune** for endpoint management, defining device enrolment, compliance policies, and application deployment strategies.
- Monitored cloud services using **Azure Monitor** and **Log Analytics**, investigating and resolving complex incidents across hybrid infrastructure.
- Developed **PowerShell scripts** to automate routine administrative tasks, such as user onboarding and license management, reducing manual effort by approximately **30%**.
- Supported the secure adoption of **Microsoft Copilot** and other AI-enabled cloud services, aligning with organisational security requirements and documentation standards.

SKILLS

Cloud Platforms – Microsoft Azure, Microsoft 365, AWS (EC2, S3, Lambda, CloudWatch)

Identity & Access Management – Microsoft Entra ID, Active Directory, MFA, Conditional Access, Privileged Identity Management (PIM)

Endpoint Management – Microsoft Intune, Device Enrolment, Configuration Profiles, Compliance Policies, Application Deployment

Security & Compliance – Microsoft Defender (Endpoint, Office 365, Cloud), Microsoft Purview, DLP, Retention Policies, Information Protection, ISO 27001, GDPR

Scripting & Automation – PowerShell, Microsoft Graph API, Azure Automation Technologies, Python

Cloud Services – Exchange Online, SharePoint Online, OneDrive for Business, Microsoft Teams, Azure Virtual Machines, Azure Storage, Azure Networking

Monitoring & Logging – Azure Monitor, Log Analytics, Splunk, Dynatrace

PROJECTS

Azure Infrastructure & M365 Service Management

- Configured and maintained **Azure virtual machines** and **storage accounts** for enterprise applications, ensuring data integrity and accessibility.
- Managed user lifecycle and access controls within **Microsoft Entra ID** and **Microsoft 365**, implementing Group Policy and Conditional Access for enhanced security.
- Automated deployment of standard desktop configurations and applications to managed endpoints using **Microsoft Intune**, reducing deployment times by an estimated **20%**.

Hybrid Identity & Security Enhancement

- Integrated on-premises Active Directory with **Microsoft Entra ID** to establish a hybrid identity solution, enabling seamless single sign-on for cloud services.
- Developed **PowerShell scripts** to audit and enforce security configurations across **Microsoft 365** services, identifying and remediating compliance gaps.
- Implemented multi-factor authentication (MFA) for critical administrative roles, mitigating risks associated with unauthorized access to cloud environments.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
