HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • **Stamp 1G — Full-Time Work Eligible**

PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Developed and maintained **Python** and **SQL**-based ETL/ELT data pipelines for data ingestion and transformation.
- Designed and implemented data processing workflows within **Azure Databricks**, orchestrating complex data transformations.
- Managed data storage and access using **ADLS Gen2** and implemented data management with **Delta Lake** and **Unity Catalog**.
- Integrated data quality checks into processing pipelines, proactively identifying and troubleshooting data anomalies to ensure data integrity.
- Collaborated with a team of **data engineers** and **analysts** to deliver robust and reliable data solutions aligned with business objectives.
- Implemented data modelling techniques and performed data quality validation on ingested datasets to meet project requirements.
- Containerised data processing services using **Docker** and deployed them to cloud environments, ensuring consistent execution across development and production.

SKILLS

Cloud Platform – Microsoft Azure, Azure Databricks, Azure Data Factory, ADLS Gen2, Delta Lake, Unity Catalog

Programming Languages – Python, SQL

Data Engineering Tools – ETL, ELT, Data Modelling, Data Quality Validation

Development Tools – Git, Docker

Methodologies – Agile, Scrum

PROJECTS

Azure Data Lakehouse Implementation for Analytics

- Developed scalable ETL pipelines using **Python** and **SQL** to ingest diverse datasets into **ADLS Gen2**.
- Structured data within **Delta Lake**, enabling efficient querying and advanced analytics capabilities for the data science team.
- Implemented data quality checks and validation routines to ensure the accuracy and completeness of analytical data sources.

Azure Databricks Workflow Automation

- Built and optimized data processing jobs in **Azure Databricks**, significantly reducing data transformation times for reporting.
- Integrated the workflow with **Azure Data Factory** for automated scheduling and monitoring of data pipelines.
- Documented the data flow and processing logic, facilitating knowledge transfer within the engineering team.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
