HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • **Stamp 1G — Full-Time Work Eligible**

PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Performed architectural design work for semiconductor manufacturing facilities using **integrated 2D/3D design systems**, contributing to project deliverables under senior guidance.
- Executed quality review checks on **2D/3D modelling and architectural deliverables**, ensuring adherence to project standards and client requirements.
- Collaborated in real-time with mechanical, structural, and process engineering disciplines to coordinate and develop integrated designs.
- Produced design packages in **Revit** under the direction of a Senior Architect, focusing on accuracy and compliance with project specifications.
- Followed established quality and **CAD/BIM standards** throughout the design process, ensuring consistency across project documentation.
- Provided technical support and assistance to Architects, aiding in the development of design plans and alternative solutions.
- Conducted field activities including site surveys and design verification to ensure constructed elements matched design intent.

SKILLS

Software – Revit, Navisworks, Microsoft Suite (Excel)

Architecture & Design – 2D/3D Integrated Design Systems, BIM Standards, CAD Standards, Construction Documents, Design Verification, Field Surveys

Industry – Advanced Manufacturing, Semiconductor Manufacturing, Industrial Facilities, Data Centre Facilities

Legislation & Compliance – Local Permitting Legislation, Building Regulations, Health and Safety Legislation

Methodologies – Agile, Scrum

Languages – English (Written and Spoken)

PROJECTS

Advanced Manufacturing Facility Design

- Executed architectural design tasks for an advanced manufacturing facility, producing construction documents in **Revit**.
- Coordinated design elements with structural and process engineering teams, ensuring seamless integration of architectural layouts.
- Performed quality assurance checks on **BIM models** and deliverables, confirming compliance with project standards and client specifications.

Industrial Site Layout and Design Verification

- Contributed to the architectural design of a large-scale industrial facility, focusing on layout optimization and space planning.
- Conducted on-site field surveys and design verification to confirm adherence to **building regulations** and project plans.
- Documented design adjustments and provided technical assistance to the construction team based on site findings.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
