PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Supported daily operational tasks for the Creative & Design Operations team, including budget reporting and vendor tracking for external agencies.
- Assisted in managing contractor intake forms and maintaining documentation for early-career talent pipeline programs.
- Audited physical prototype inventories using asset tags and tracked design software/hardware allocations to ensure organized studio and lab spaces.
- Gathered assets and submission details for global design awards programs and aided in coordinating internal C&D; workshops and team events.
- Drafted process documentation, including one-pagers and quick guides, to communicate new tools and operational best practices to the design organization.
- Supported administrative workflows and usage audits for generative AI and digital creative tools within the design department.
- Managed Jira tickets and Confluence pages for the Creative & Design Operations team, ensuring accurate tracking of tasks and project updates.

SKILLS

Operations & Administration – Budget Tracking, Vendor Onboarding, PO Workflows, Contractor Intake, Asset Tagging, Inventory Management, Event Coordination, Process Documentation

AI & Creative Tools – Generative AI Tools, ChatGPT, Midjourney, Adobe Firefly, AI Productivity Utilities, Digital Creative Tools

Communication & Collaboration – Written Communication, Verbal Communication, Team Collaboration, Stakeholder Updates

Project Management Tools – Jira, Confluence

Software & Hardware – Design Software Allocation, Hardware Allocation

PROJECTS

Design Operations Workflow Optimization

- Developed a streamlined process for tracking vendor onboarding and PO approvals, reducing average processing time by 15% for external creative agencies.
- Created standardized templates for contractor intake forms and talent pipeline documentation, improving consistency and accessibility for new hires.
- Assisted in setting up and organizing a new design studio space, including inventory management of physical prototypes and critical design hardware.

AI Tool Adoption & Documentation Initiative

- Supported the tracking and auditing of generative AI tool usage across the design organization, identifying key adoption metrics.
- Authored clear, concise quick guides and one-pagers explaining new AI tools and workflows for the design team.
- Collaborated with the design leads to gather requirements for documentation on AI tool integration and best practices.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
