PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Carried out and supervised **commercial plumbing** and heating installations, ensuring adherence to project timelines and quality standards.
- Installed, maintained, and troubleshot complex **commercial heating and hot water systems**, diagnosing and resolving faults in pumps, valves, and controls.
- Led mechanical plantroom refurbishment and upgrade projects, including system design input and resource coordination for a team of **4 plumbers**.
- Diagnosed and resolved technical faults on a variety of **mechanical equipment**, including pumps, valves, and heating controls, minimising system downtime.
- Maintained accurate **service reports** and project documentation, ensuring all works complied with relevant **health and safety regulations** and technical standards.
- Coordinated daily work activities, materials, and site resources for **installation and maintenance teams**, ensuring efficient project delivery.
- Contributed to technical planning and continuous improvement initiatives by reporting directly to the **Technical Director** and identifying system performance enhancements.

SKILLS

Plumbing & Heating – Commercial Plumbing, Heating Systems, Hot Water Systems, Boiler Installation, Commissioning, Servicing, Pumps, Valves, Heating Controls

Mechanical Engineering – Mechanical Installations, Plantroom Upgrades, Maintenance, Fault Diagnosis, Technical Reporting, Energy Efficiency

Supervision & Management – Team Supervision, Apprentice Mentoring, Resource Coordination, Health and Safety Compliance, Site Management

Tools & Standards – RGI Registration (in progress), Mechanical Drawings, Technical Specifications, Project Documentation

General Skills – Problem-Solving, Communication, Organisational Skills, Customer Service, Quality Workmanship

PROJECTS

Commercial Heating System Overhaul (HCL Technologies)

- Managed the end-to-end upgrade of a large-scale **commercial heating system** for an enterprise client, replacing outdated components and optimising for **energy efficiency**.
- Installed and commissioned new **high-efficiency boilers** and associated pipework, ensuring full compliance with manufacturer specifications and site safety protocols.
- Developed comprehensive **commissioning records and technical reports**, detailing system performance, testing procedures, and final sign-off for client acceptance.

Reactive Maintenance & Fault Resolution (HCL Technologies)

- Provided **reactive maintenance** and rapid fault diagnosis for critical **mechanical plantroom equipment** across multiple commercial sites.
- Resolved complex issues involving **pressurisation units and heat exchangers**, reducing average repair time by **18%** through systematic troubleshooting.
- Liaised with **clients and site managers** to provide updates on repair progress and ensure minimal disruption to operational environments.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
