PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Developed and maintained client relationships, delivering environmental assessment reports and statutory particulars for complex infrastructure projects.
- Coordinated the delivery of planning and environmental services across multiple long-linear projects, ensuring adherence to Irish planning and environmental law.
- Prepared high-quality optioneering reports and Environmental Impact Assessment Reports for the Energy sector, including offshore wind developments.
- Applied expertise in environmental and social considerations to solve challenges and develop innovative solutions for client projects.
- Managed project timelines and deliverables, collaborating with internal and external stakeholders to support business objectives.
- Supervised junior colleagues, providing clear direction and fostering their team development within project delivery frameworks.
- Managed client relationships and project delivery, ensuring accountability for team performance and effective delegation.

SKILLS

Environmental Services – Environmental Impact Assessment Reports, Optioneering Reports, Statutory Particulars, Environmental Law, Planning Services

Project Management – Client Relationship Management, Stakeholder Collaboration, Project Delivery, Team Supervision, Delegation

Technical Expertise – Environmental Assessment, Infrastructure Projects, Energy Sector, Offshore Wind, Social Considerations

Data & Document Management – Document Control, Reporting Ability, Data Management

Core Skills – Risk Identification, Solution Development, Technical Excellence, Written Communication, Verbal Communication

PROJECTS

Environmental Impact Assessment for Energy Infrastructure

- Coordinated the preparation of an Environmental Impact Assessment Report for a significant offshore wind energy project, integrating technical findings and regulatory requirements.
- Managed stakeholder consultations and data collection across diverse environmental disciplines, ensuring comprehensive coverage of potential impacts.
- Developed detailed reporting on environmental risks and mitigation strategies, aligning with Irish environmental law and best practices.

Planning and Environmental Delivery for Linear Transport Project

- Led coordination efforts for environmental services on a long-linear transport project, managing multiple workstreams and ensuring timely delivery of planning documentation.
- Collaborated with engineering teams and regulatory bodies to address planning and environmental challenges, facilitating project progression.
- Authored sections of the project's environmental report, focusing on data management and clear communication of findings to clients and stakeholders.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
