PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Designed and deployed **Azure Active Directory** configurations, including conditional access policies and multi-factor authentication for over 500 users across two client environments.
- Implemented and managed **Microsoft Intune** policies for device compliance, application deployment, and endpoint security, overseeing a fleet of approximately 1,200 managed devices for enterprise customers.
- Engineered network infrastructure deployments, configuring **firewalls**, switches, and VPN tunnels to establish secure hybrid cloud connectivity for diverse client needs.
- Led the technical design and implementation of **Azure hybrid cloud environments**, integrating on-premises resources with Azure VMs and storage solutions for enterprise clients.
- Developed and delivered comprehensive technical design, configuration, and handover documentation for complex infrastructure projects, ensuring clarity for client IT teams.
- Mentored junior L1/L2 technicians on best practices for **Azure** and **Intune** deployments, improving team efficiency on common configuration tasks by approximately 15%.
- Managed end-to-end project lifecycles from pre-sales scoping and solution design through build, testing, and handover, consistently delivering within agreed timelines for multiple concurrent client engagements.

SKILLS

Cloud Platform – Azure, Azure Active Directory, Hybrid Cloud, VMs, Networking, Identity, Storage, DR Solutions

Endpoint Management – Microsoft Intune, Endpoint Manager, Device Compliance, App Deployment, Endpoint Security

Networking – TCP/IP, VLANs, Routing, Firewalls, VPNs, Wi-Fi

Microsoft Ecosystem – Microsoft 365, Active Directory, Windows Server

Project Management – Scoping, Solution Design, Build, Testing, Handover, Documentation, Technical Lead

PROJECTS

Azure Infrastructure Design for Financial Services Client

- Designed and implemented a scalable Azure infrastructure, including **VMs**, **Azure networking**, and **storage** solutions to support core banking operations.
- Configured **Azure Active Directory** for centralized identity management and integrated it with existing on-premises systems, enhancing security posture for over 1,000 users.
- Developed detailed design documentation and deployment guides, facilitating a smooth handover to the client's internal IT operations team.

Intune Endpoint Security Rollout for Enterprise Customer

- Deployed and configured **Microsoft Intune** policies for device enrollment, application deployment, and security compliance across a fleet of 800 Windows devices.
- Developed custom compliance policies and security baselines within **Intune**, reducing critical security misconfigurations by 22% within the first quarter of deployment.
- Provided post-deployment support and training to the client's IT support staff, enabling them to manage and troubleshoot Intune-enrolled devices effectively.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
