HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • **Stamp 1G — Full-Time Work Eligible**

PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Architected and developed **full-stack solutions** using **Angular** and **.NET**, integrating with **Azure cloud services** to build scalable applications.
- Led technical design and implementation for multi-workstream projects, ensuring alignment with architectural standards and project objectives.
- Mentored and guided a team of 5 engineers through the successful delivery of complex features, fostering best practices in code quality and agile methodologies.
- Defined and implemented **Micro Frontend architectures** using **Native Federation**, improving modularity and independent deployability of user interface components.
- Collaborated with product owners and business stakeholders to gather requirements, communicate technical strategies, and ensure alignment on deliverables.
- Defined and implemented **Micro Frontend architectures** using **Native Federation**, improving modularity and independent deployability of user interface components.
- Containerized multiple **Angular** applications using **Docker** and deployed them to **Azure Kubernetes Service (AKS)**, managing CI/CD pipelines with **Jenkins**.

SKILLS

Frontend – Angular, TypeScript, HTML5, CSS3, RxJS, NgRx

Backend – .NET, C#, ASP.NET Core, REST APIs

Cloud – Microsoft Azure, Azure Kubernetes Service (AKS), Azure Functions

Architecture – Micro Frontends, Native Federation, Design Patterns

DevOps & CI/CD – Docker, Jenkins, Git, Azure DevOps

Methodologies – Agile, Scrum, Technical Leadership

PROJECTS

Enterprise Digital Platform Modernization (HCL Technologies)

- Led the frontend development for a large-scale digital platform upgrade, migrating legacy components to a modern **Angular** architecture.
- Integrated new **Angular** micro frontends with existing backend services built in **.NET**, ensuring seamless user experience across modules.
- Developed reusable UI component libraries and established coding standards to ensure consistency and maintainability across the development team.

Customer Facing Analytics Dashboard (HCL Technologies)

- Developed interactive dashboards using **Angular** and **Power BI** integration to visualize key operational metrics for financial services clients.
- Collaborated with business analysts to define reporting requirements and translate them into actionable data visualizations, enhancing client decision-making.
- Implemented data fetching and processing logic using **REST APIs** and efficient data handling techniques to ensure timely report generation.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
