PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Designed and implemented core infrastructure solutions for enterprise clients, including **Active Directory**, **Domain Controllers**, and **Group Policy configuration**, ensuring seamless integration with existing systems.
- Managed and supported **Microsoft Exchange** and **Office 365** environments, including critical **Exchange to Office365 migrations**, to enhance client communication and collaboration capabilities.
- Deployed and configured virtualized environments using **VMware** and **Hyper-V**, optimizing resource allocation and performance for a diverse client base.
- Configured and maintained networking infrastructure, including **MPLS**, **TCP/IP**, **DNS**, and **DHCP**, alongside managing **HP** and **Aruba switches** to ensure robust connectivity.
- Implemented security technologies such as **Firewalls** (**SonicWALL**, **Fortinet**, **Azure**) and **VPNs** to safeguard client data and network integrity.
- Developed and executed **infrastructure design and delivery plans** for multiple customer sites, ensuring project milestones were met within scope and timeline.
- Provided technical supervision and vendor management for outsourced IT services, ensuring alignment with project objectives and service level agreements.

SKILLS

Core Infrastructure – Active Directory, Domain Controllers, Group Policy, Microsoft Exchange, Office 365, Azure AD, EMS, Intune

Virtualization & Cloud – VMware, Hyper-V, Microsoft Azure, Azure ARM templates

Networking – MPLS, TCP/IP, DNS, DHCP, Load Balancing Hardware, Routers, Switches (HP, Aruba)

Security – Firewall (SonicWALL, Fortinet, Azure), VPN

Operating Systems – Windows Server

Project Delivery – Infrastructure Design, Technical Documentation, Vendor Management, Change Management

PROJECTS

Enterprise Network & Security Modernization

- Designed and deployed a consolidated network infrastructure for a multi-site enterprise, integrating **HP switches** and **Aruba access points** to improve connectivity and bandwidth by approximately 30%.
- Implemented a layered security strategy using **Fortinet firewalls** and **Azure VPN gateways**, reducing network intrusion attempts by over 60% within the first quarter post-implementation.
- Developed comprehensive **technical documentation** and network diagrams for the new infrastructure, facilitating smoother operational support and future expansion.

Office 365 Migration & Identity Management

- Executed a phased migration of over 500 user mailboxes from on-premises **Microsoft Exchange** to **Office 365**, ensuring minimal disruption to business operations.
- Configured **Azure AD Connect** and managed **Intune policies** for device compliance and application deployment, streamlining user access and endpoint management.
- Provided post-migration support and user training sessions on new **Office 365** features, enhancing user adoption and productivity.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
