HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • **Stamp 1G — Full-Time Work Eligible**

PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Authored and maintained **Python** scripts to automate data ingestion and transformation for internal reporting dashboards, processing approximately **50 GB** of data daily.
- Developed and deployed **Java Spring Boot** REST APIs for cross-system integrations, including implementing request validation and error handling patterns.
- Executed incident response procedures for P1/P2 issues on enterprise applications, performing root cause analysis using **Splunk** and **Dynatrace** to restore service within defined SLAs.
- Designed and implemented **API automation suites** using **Robot Framework** and **Python** for GxP-regulated systems, focusing on validating business logic and data integrity.
- Integrated automated test execution into **Jenkins pipelines**, enabling continuous testing within a CI/CD framework and ensuring proper version control via **Git**.
- Authored comprehensive GxP-compliant test documentation including **test plans**, **IQ/OQ/PQ protocols**, and **traceability matrices**, aligning with GAMP 5 principles.
- Managed and maintained test environments, including the setup of **masked GxP data**, and championed the adoption of reusable automation libraries across the team.

SKILLS

Test Automation Frameworks – Robot Framework, Selenium WebDriver, Playwright, Cypress, TestComplete, UFT

Programming Languages – Python, Java, JavaScript, TypeScript, C#

API Testing – REST, SOAP, Postman, REST Assured, Karate

CI/CD & Version Control – Jenkins, Azure DevOps, GitHub Actions, GitLab, Git

Test Management & Documentation – Xray for Jira, Azure DevOps Test Plans, Polarion, Gherkin, BDD, GAMP 5, 21 CFR Part 11, EU Annex 11, ALCOA+

Cloud Platforms & Containerization – AWS, Docker, Kubernetes

PROJECTS

GxP Application Test Automation Suite

- Developed a comprehensive automated test suite for a GxP-compliant MES system using **Selenium WebDriver** and **Python**, covering UI and integration points.
- Authored **Gherkin** feature files for BDD scenarios in collaboration with business analysts and validation engineers, ensuring alignment with acceptance criteria.
- Integrated test execution into a **GitHub Actions pipeline**, providing rapid feedback loops and maintaining test suite version control.

API Validation Framework for Financial Services

- Engineered a reusable API testing framework in **Java** with **REST Assured** to validate critical transaction processing endpoints for a financial-services client.
- Implemented automated checks for data integrity (ALCOA+) and compliance with internal standards, reducing manual testing effort by approximately **40%**.
- Deployed the framework as part of a CI/CD process, enabling automated regression testing for new API releases.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
