HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • **Stamp 1G — Full-Time Work Eligible**

PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Configured and maintained enterprise **FortiGate and SonicWall firewalls**, implementing security policies and VPN connections to ensure secure remote access for **~500 remote users**.
- Managed the lifecycle of network equipment across **12 global sites**, including proactive firmware updates and end-of-life hardware replacements, maintaining operational continuity.
- Administered **HP Aruba wireless access points** and controllers, ensuring reliable wireless connectivity and performing capacity planning for peak usage periods.
- Supported routing, switching, and network segmentation across a mixed-vendor environment, troubleshooting connectivity issues between global sites and **cloud platforms** to resolve an average of **15 tickets per week**.
- Collaborated with the Cyber Security team to conduct regular reviews of firewall rules and administrative access, identifying and removing **obsolete configurations** to reduce technical risk.
- Developed **Python scripts** to automate repetitive network operational tasks, such as log analysis and configuration backups, reducing manual effort by approximately **20%**.
- Maintained accurate and current network documentation, including diagrams, IP addressing schemes, and standard operating procedures for **25+ network devices**.

SKILLS

Networking – Firewalls, Switches, Wireless Access Points, Controllers, VPNs, Routing, Switching, VLANs, Network Segmentation, DNS, DHCP, FortiGate, SonicWall, HP Aruba, Cisco

Cloud Platforms – AWS

Security – Network Security, Secure Remote Access, Firewall Policies

Automation & Scripting – Python

Infrastructure Management – Network Equipment Lifecycle Management, Firmware Updates, Infrastructure Upgrades

Operating Systems – Linux

PROJECTS

Global Network Infrastructure Hardening

- Enhanced network security posture across **10 enterprise sites** by standardizing firewall configurations and implementing granular access controls on **FortiGate devices**.
- Automated the generation of network health and performance reports using **Python scripts**, providing timely insights into device status and potential bottlenecks for the infrastructure team.
- Documented comprehensive network diagrams and IP address management for the upgraded infrastructure, ensuring clarity for future maintenance and troubleshooting efforts.

Site Connectivity Enhancement (HCL Technologies)

- Designed and implemented network connectivity solutions for a new regional office, integrating **Cisco switches** and **SonicWall firewalls** with the existing enterprise WAN.
- Managed the deployment of **wireless access points**, ensuring seamless Wi-Fi coverage and performance for up to **150 users** within the new facility.
- Collaborated with telecommunications providers to provision and test new circuit connections, ensuring reliable data flow for critical business operations.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
