HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • **Stamp 1G — Full-Time Work Eligible**

PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Configured and maintained **FortiGate firewalls** and **SonicWall** devices, managing security policies, rules, and **VPN connections** for secure remote access across global sites.
- Managed the day-to-day operations of a mixed-vendor network environment, including **switches**, **wireless access points**, and controllers, ensuring proactive monitoring of health, capacity, and performance.
- Supported **routing**, **switching**, **VLANs**, and network segmentation to ensure reliable connectivity between global sites and cloud platforms.
- Designed and deployed secure network solutions for new site expansions and infrastructure upgrades, standardising configurations across the global network to reduce technical variation.
- Owned network incidents from investigation through root cause analysis and resolution, coordinating with internal teams and service providers to minimize service disruption.
- Maintained accurate network documentation, including configurations, diagrams, IP addressing schemes, and standard operating procedures, ensuring up-to-date records for infrastructure management.
- Participated in regular reviews of firewall rules and network configurations with the Cyber Security team, identifying and rectifying obsolete or insecure settings.

SKILLS

Network Infrastructure – Firewalls, Switches, Wireless Access Points, Controllers, VPNs, Routing, Switching, VLANs, DNS, DHCP

Network Security – Firewall Policies, Network Segmentation, Secure Remote Access

Vendor Management – FortiGate, SonicWall, HP Aruba, Cisco

Operations & Support – Incident Management, Root Cause Analysis, SLA Management, Monitoring, Documentation

Cloud Platforms – AWS

Operating Systems – Linux

PROJECTS

Global Site Connectivity Enhancement (HCL Technologies)

- Engineered and implemented network infrastructure upgrades for multiple enterprise client sites, standardising firewall configurations and routing protocols across diverse locations.
- Managed firmware updates and lifecycle management for network equipment, including **switches** and **wireless access points**, ensuring continued security and performance.
- Developed detailed network diagrams and standard operating procedures for new site deployments, facilitating smoother integration and reducing post-implementation support overhead.

Secure Remote Access VPN Rollout (HCL Technologies)

- Designed and deployed a new secure remote access **VPN solution** for a financial services client, enabling secure connectivity for over 500 remote users.
- Configured and administered **FortiGate firewalls** to establish and maintain site-to-site and remote access VPN tunnels, ensuring data integrity and compliance.
- Collaborated with the client's IT operations team to provide post-implementation support and user training, addressing connectivity issues and ensuring successful adoption.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
