PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Supported the implementation and ongoing maintenance of **competency frameworks** and **capability matrices** for a large enterprise client, ensuring data accuracy.
- Prepared, cleansed, validated, and analysed learning and capability data, identifying inconsistencies and ensuring suitability for reporting across **15+ job families**.
- Developed and maintained advanced **Excel trackers**, including **pivot tables**, **lookups**, and **conditional formatting**, to support skills gap analysis.
- Coordinated professional development activity across the Irish business, engaging with employees, managers, and **external learning providers** to track progress.
- Maintained detailed records of professional qualifications, memberships, and development pathways for over **200 employees**, ensuring compliance with internal standards.
- Assisted stakeholder working groups by preparing documentation, capturing actions, and monitoring progress for key capability projects, facilitating timely decision-making.
- Provided general coordination support for Skills & Capability projects, including scheduling, communications, and **document control**, contributing to project timelines.

SKILLS

Learning & Development – Competency Frameworks, Capability Matrices, Professional Development Pathways, Skills Gaps, Training Matrices, Role Profiles

Data Analysis & Reporting – Data Cleansing, Data Validation, Data Analysis, Reporting, Management Information, Business Insights

Microsoft Excel – Advanced Formulas, Pivot Tables, Lookups, Conditional Formatting, Data Validation, Excel Trackers

Project Coordination – Scheduling, Communications, Document Control, Action Tracking, Stakeholder Engagement, Requirements Gathering

HR & Talent Management – Talent Management Systems, People Management Systems, Employee Records, Professional Qualifications, HR Operations

PROJECTS

Skills Matrix Development for Enterprise Operations

- Developed a comprehensive **skills matrix** in Excel to map employee proficiencies against required competencies for a large-scale enterprise operations team.
- Integrated data from HR systems and performance reviews to validate and cleanse employee skill data, ensuring accuracy for over **300 team members**.
- Generated regular reports on skills gaps and training needs using **pivot tables** and advanced formulas, presenting findings to management for strategic planning.

Learning Initiative Coordination Platform

- Designed and implemented a system for tracking and coordinating employee learning initiatives using **Jira** and Confluence, improving visibility and communication.
- Managed the intake and tracking of requests for professional development, including liaising with external training providers and internal stakeholders.
- Created documentation and process flows for the learning initiative lifecycle, ensuring clear guidelines for employees and managers.
