PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Advised Project Managers on establishing and maintaining **HSE systems** and standards on site, ensuring alignment with company-wide safety and environmental management protocols.
- Conducted regular **site HSE inspections** and generated detailed reports for relevant personnel, identifying potential hazards and non-compliance issues for immediate remediation.
- Ensured project **HSE documentation** was complete and met company standards, including the development and review of project-specific **HSE plans**.
- Facilitated discussions on **HSE issues** during project review meetings, promoting a culture of safety and environmental awareness across all project phases.
- Maintained clear and accurate **records** for internal and external audits, demonstrating compliance with rigorous company standards and regulatory requirements.
- Delivered targeted **HSE training** sessions to site personnel as agreed with Project Managers, enhancing understanding and adherence to safety procedures.
- Investigated **accidents and dangerous incidents**, providing detailed reports to the HSE & Sustainability Manager that included causes, conclusions, and actionable recommendations to prevent recurrence.

SKILLS

Health & Safety – HSE Management Systems, Site Inspections, Accident Investigation, HSE Training, PSCS Duties, ISO 45001, ISO 14001

Environmental Management – Environmental Legislation, EPA Liaison, Environmental Impact Assessment

Compliance & Standards – HSE Policy, Regulatory Compliance, Internal Audit Standards, GDPR Awareness

Project Management Support – Project HSE Plans, Project Review Meetings, Documentation Management

Tools & Technologies – Splunk, Dynatrace, Jira, Confluence, Linux Shell Scripting, Python Automation

PROJECTS

Construction Site Safety and Compliance Program

- Developed and implemented a comprehensive **site safety program** for a large-scale construction project, ensuring adherence to **ISO 45001** and **ISO 14001** standards.
- Conducted over 50 **site inspections** per quarter, identifying and documenting over 300 potential hazards and driving corrective actions that reduced incident reports by **15%**.
- Managed the creation and maintenance of all project-specific **HSE documentation**, including risk assessments and method statements, for regulatory review.

Environmental Incident Reporting and Analysis System

- Designed and deployed a Python-based system for logging and analyzing environmental incidents, integrating with existing **Splunk** dashboards for real-time monitoring.
- Automated the generation of quarterly **HSE reports** for senior management, reducing manual reporting time by approximately **40%** and ensuring timely submission to the HSE Department.
- Provided support for **environmental legislation** compliance, liaising with internal teams to ensure adherence to EPA guidelines.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
