PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Performed site safety inspections and audits across **active construction projects**, identifying and reporting on potential hazards and non-compliance.
- Supported the preparation and review of **Risk Assessments and Method Statements (RAMS)** for various construction tasks, ensuring adherence to safety protocols.
- Assisted in ensuring compliance with the **Safety, Health and Welfare at Work Act 2005** and relevant Construction Regulations through site monitoring and documentation.
- Participated in **incident/accident investigations**, gathering information and contributing to the preparation of basic factual reports for review.
- Carried out **site inductions** for new workers and subcontractors, covering essential safety procedures and site-specific requirements.
- Monitored site activities for unsafe practices, **PPE compliance**, and potential hazards, escalating issues to site management as needed.
- Maintained **H&S; documentation, records, and audit trails**, ensuring organized and accessible information for compliance purposes.

SKILLS

Health & Safety – Site Safety Inspections, Risk Assessments, Method Statements (RAMS), Incident Investigation, Site Inductions, PPE Compliance, Safety Culture, Construction Regulations

Construction – Construction Site Operations, Construction Stage Safety Plan, Site Management, Subcontractors, Project Managers, Engineers, Foremen

Compliance & Documentation – Irish Health and Safety Legislation, Company Procedures, H&S; Documentation, Audit Trails, Record Keeping

Reporting & Analysis – Microsoft Excel, Reporting Tools, Data Analysis, Basic Reporting

Software & Tools – Microsoft Word, Microsoft Office Suite

PROJECTS

Construction Site Safety Audit Framework

- Developed a standardized checklist for **site safety inspections**, covering key areas of the Safety, Health and Welfare at Work Act 2005.
- Assisted in compiling **risk assessment templates** for common construction activities, ensuring clear identification of hazards and control measures.
- Documented findings from mock site audits, including recommendations for improved **PPE compliance** and hazard mitigation strategies.

H&S; Documentation Management System

- Designed a system for organizing and tracking **H&S; documentation**, including RAMS, incident reports, and induction records, using structured file management.
- Created template forms for **incident reporting** and safety briefing materials, streamlining data collection for the H&S; team.
- Implemented a process for maintaining **audit trails** for all safety-related documentation, ensuring version control and accessibility.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
