PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Managed and prioritized customer support requests across live chat, email, and phone, owning cases from initial investigation through final resolution for enterprise clients.
- Investigated, diagnosed, and resolved complex technical issues using knowledge of **Salesforce CRM**, **Salesforce CPQ**, and **Revenue Cloud Advanced** implementations.
- Partnered with Engineering to identify root causes for escalated product bugs and collaborated with Product teams to relay customer feedback for roadmap refinement.
- Authored and enhanced **documentation** and **knowledge base articles**, contributing to streamlined support workflows and improved incident response.
- Provided technical guidance to customer success teams, acting as a trusted advisor on complex Salesforce configurations and troubleshooting challenges.
- Developed and maintained **Python scripts** for automating data extraction and reporting tasks, reducing manual effort by approximately **15%**.
- Managed production support for enterprise Java/.NET applications, responding to P1/P2 incidents and ensuring adherence to strict SLAs within a **Linux** environment.

SKILLS

CRM & Sales Platforms – Salesforce CRM, Salesforce CPQ, Revenue Cloud Advanced

Technical Support – Case Management, Incident Response, Documentation, Knowledge Base, Customer Onboarding, Customer Success

Programming Languages – Java, Python, SQL, German, English

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git

Databases – PostgreSQL, MySQL, Oracle

Tools & Methodologies – Jira, Confluence, Agile, Scrum, REST APIs

PROJECTS

Customer Issue Resolution Framework (HCL Technologies)

- Designed and implemented a tiered support framework for a financial services operations dashboard, categorizing incoming issues and defining escalation paths.
- Developed Python scripts to automatically parse and enrich incident logs from Splunk, reducing manual data correlation time by **30%** for P1/P2 events.
- Authored comprehensive runbooks for common production issues, enabling operations teams to resolve approximately **20%** more incidents autonomously.

Salesforce CPQ & Revenue Cloud Integration Support (HCL Technologies)

- Provided technical support for enterprise clients integrating Salesforce CPQ and Revenue Cloud, troubleshooting configuration and data flow issues.
- Created detailed documentation and provided walkthroughs for customer technical teams on best practices for managing complex quoting and billing workflows.
- Collaborated with customer-facing teams to gather requirements for platform enhancements, translating business needs into actionable technical specifications.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021
