PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Led on-site commissioning for a major **data centre project**, integrating **Lenel OnGuard access control** and **Milestone XProtect CCTV** systems.
- Configured and tested **IP-based security devices** including cameras, intercoms, and network hardware across multiple large-scale client sites.
- Managed camera setups, video storage configurations, and recording schedules, optimizing system performance for **enterprise-level CCTV platforms**.
- Produced detailed **commissioning reports**, as-built records, and handover documentation for client projects, ensuring clear communication of system status.
- Provided **client training and technical support** during project handover phases, facilitating smooth adoption of new security systems.
- Troubleshot and resolved issues with **TCP/IP networks**, VLANs, switches, and Windows server environments during on-site deployments.
- Supported the deployment and configuration of **SQL databases** and Windows Server environments as part of integrated security system installations.

SKILLS

Security Platforms – Lenel OnGuard, LenelS2, Milestone XProtect

Networking – TCP/IP, VLANs, Switches, Routers

Servers & Databases – Windows Server, SQL Databases

System Integration – Access Control, CCTV, IP Cameras, Intercoms

Project Delivery – Commissioning, Site Acceptance Testing (SAT), Factory Acceptance Testing (FAT), Client Training, Handover Documentation

Operating Systems – Linux, Windows

PROJECTS

Enterprise Security System Commissioning (Data Centre)

- Led the end-to-end commissioning of an integrated security system for a large-scale data centre, including **Lenel OnGuard** configuration and testing.
- Managed the setup and validation of **Milestone XProtect CCTV** components, ensuring optimal camera placement, recording, and network integration.
- Generated comprehensive commissioning reports and assisted in client witness testing, ensuring all system requirements were met for project handover.

Pharmaceutical Plant Security System Upgrade

- Configured and deployed **IP security devices** and network infrastructure for a pharmaceutical client's facility, ensuring adherence to strict site protocols.
- Performed site acceptance testing (SAT) on integrated access control and video surveillance systems, resolving configuration discrepancies across **Windows Server** environments.
- Supported the client's operations team with initial technical training and documentation for the newly commissioned security platforms.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
