HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • **Stamp 1G — Full-Time Work Eligible**

PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Developed and maintained responsive web applications using **React**, ensuring consistent design and cross-device usability across a user base of approximately 5,000 individuals.
- Implemented secure sign-in flows and integrated **SSO solutions** for enterprise applications, adhering to best practices for user data protection.
- Connected frontend interfaces to backend services and **PostgreSQL databases**, enabling seamless data exchange for core application features.
- Managed domains, DNS records, and hosting configurations for multiple web applications, ensuring reliable deployment and public accessibility.
- Collaborated with AI development tools like **ChatGPT** to assist in code generation, debugging, and documentation, meticulously reviewing and testing outputs.
- Troubleshot and resolved application performance issues, improving load times by an average of **18%** and enhancing overall reliability.
- Containerized backend services using **Docker** and deployed them to AWS EC2 instances, managing application lifecycles and scaling needs.

SKILLS

Frontend – HTML, CSS, JavaScript, TypeScript, React, Angular, Web Design, User Experience

Backend – Java, Spring Boot, REST APIs, Python, Flask, FastAPI, Node.js

Databases – PostgreSQL, MySQL, Oracle, SQL

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Git, Jenkins, Kubernetes

AI & Tools – Claude, ChatGPT, Jira, Confluence

Infrastructure – Domains, DNS, Hosting, Application Deployment

PROJECTS

Enterprise Mobile App with React Native

- Developed a cross-platform mobile application using **React Native**, targeting both iOS and Android platforms for a client in the retail sector.
- Implemented user authentication and profile management features, integrating with a secure backend API to handle sensitive customer data.
- Designed and built a responsive UI with clear navigation, ensuring a polished user experience and consistent look-and-feel across mobile devices.

Web Application Deployment and Management

- Configured and managed cloud infrastructure on **AWS** for a client-facing web application, including EC2 instances, S3 buckets, and CloudWatch monitoring.
- Set up CI/CD pipelines using **Jenkins** to automate build, test, and deployment processes, reducing manual deployment time by approximately **40%**.
- Managed application domains and DNS settings, ensuring high availability and proper routing for web traffic.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
