PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Installed, maintained, and repaired sophisticated analytical instruments for enterprise clients, diagnosing and resolving complex electronic and mechanical issues to ensure operational readiness.
- Provided responsive technical support to a diverse customer base, addressing inquiries and resolving equipment-related problems to maintain high satisfaction levels.
- Trained customer teams on the safe and effective operation of scientific instruments, developing clear documentation and hands-on guidance to facilitate user proficiency.
- Documented all service activities, including installations, maintenance, and repairs, preparing detailed reports that adhered to quality standards and facilitated knowledge transfer.
- Interpreted technical documentation and schematics to accurately diagnose issues and implement effective repair strategies for complex scientific equipment.
- Managed territory travel logistics and responded to customer service requirements on short notice, consistently meeting or exceeding service level agreements.
- Adhered to all applicable safety protocols and Good Manufacturing Practices (GMP) standards while working with hazardous materials in laboratory settings.

SKILLS

Field Service – Instrument Installation, Maintenance, Troubleshooting, Repair, Technical Support, Customer Training, Service Reporting, Safety Protocols, GMP

Engineering – Electronics, Mechanical Systems, Technical Documentation, Schematics Interpretation, Problem-Solving, Independent Work

Software & Tools – Microsoft Office Suite, Service Management Software

Logistics & Travel – Territory Travel, Short Notice Response, Valid Driver's License

Laboratory Environment – Hazardous Materials Handling, PPE Usage, Laboratory Settings, Lifting up to 40 lbs

PROJECTS

Enterprise Instrument Deployment and Support

- Deployed and configured complex analytical instruments at enterprise customer sites, ensuring seamless integration with existing laboratory infrastructure.
- Executed comprehensive preventative maintenance schedules on installed equipment, reducing unscheduled downtime by approximately 18% across a portfolio of 50+ devices.
- Provided on-site and remote technical support, troubleshooting hardware and software issues and delivering clear, actionable solutions to end-users.

Customer Technical Training Program Development

- Developed and delivered a standardized training program for scientific instrument operation, covering safety, maintenance, and basic troubleshooting for new client personnel.
- Created detailed user manuals and quick-reference guides, improving customer self-sufficiency and reducing support ticket volume by an estimated 15%.
- Gathered feedback from trainees and stakeholders to iteratively refine training materials and delivery methods, enhancing overall customer comprehension and adoption.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
