PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Managed the operational lifecycle of **Edge sites** across EMEA, coordinating with **network, deployment, and security teams** from handover through decommissioning.
- Provided on-site IT operational support, defining work instructions for **providers and smart hands**, monitoring delivery quality, and responding to service requests and emergencies.
- Owned **change management** tasks at Edge sites, ensuring changes were planned, risk-assessed, approved, communicated, executed, and reviewed per process.
- Defined and managed **operational SLAs** with internal customers and commercial teams, driving adherence through monitoring and remediation of breaches.
- Identified and managed on-site IT operations risks, consolidating latent risks and driving them to closure with regional-level solutions.
- Aggregated and surfaced IT operations issues at Edge sites, driving cross-team follow-up and remediation with infrastructure and asset teams.
- Contributed to the build-out of the IT operations platform by submitting requirements and assisting in the creation of **SOPs and knowledge-base articles**.

SKILLS

Infrastructure Operations – Data Centre Operations, Edge Sites, PoP Environments, Racking, Cabling, Port Mapping, Hardware Replacement, Optics, Cables, Line Cards, Network Diagrams, Port Maps

IT Service Management – Change Management, SLA Management, Risk Management, Service Requests, Incident Response, Operational Metrics, QA/QC, Process Documentation

Networking Fundamentals – Switches, Routers, Firewalls, Fibre Optics, Copper Cabling, Physical Connectivity, Logical Connectivity

Hardware & Systems – Server Hardware Architectures (x86, ARM), Operating Principles, IT Infrastructure, Terminal Devices

Cloud & Deployment – Site Deployment, Decommissioning, Vendor Coordination, Third-Party Provider Management

Documentation & Training – SOP Authoring, MOP Authoring, Technical Documentation, Knowledge Base Construction, Training Delivery

PROJECTS

Edge Site Operational Handover Framework

- Developed a comprehensive framework for the handover of new Edge sites, ensuring all **network, security, and deployment requirements** were met by vendors.
- Authored standardized **SOPs and MOPs** for routine operational tasks, including hardware checks, basic connectivity testing, and emergency response protocols.
- Established quality assurance checklists for **provider and smart hands** work, enabling consistent verification of delivered services against agreed standards.

Regional IT Operations SLA Monitoring Dashboard

- Designed and implemented a **Power BI dashboard** to track key operational metrics and SLA attainment across the EMEA Edge site portfolio.
- Developed **DAX measures** and data models to aggregate performance data from multiple provider reports and internal ticketing systems.
- Provided operational insights to internal customers and the commercial team, highlighting areas of **SLA breach** and recommending remediation steps.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
