PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Developed intuitive, high-performing user interfaces for machine platforms using **Blazor** and **C#**, focusing on operator control.
- Designed and implemented software components for sensor-based sorting systems, contributing to product performance and sustainability goals.
- Collaborated with Product and Project Management to define and deliver customer value through iterative development cycles.
- Participated in software architecture discussions, contributing to technical decision-making for new platform features and enhancements.
- Troubleshot and resolved software defects across both embedded and PC-based platforms, ensuring system reliability.
- Contributed to automated testing initiatives and CI/CD pipelines, enhancing software quality and deployment efficiency.
- Containerized applications using **Docker** and deployed to **AWS EC2** instances, improving deployment consistency and resource management.

SKILLS

UI Frameworks – Blazor, WPF

Languages – C#, HTML, CSS, F#

Version Control – Git

DevOps – CI/CD pipelines, Automation

Communication Protocols – gRPC

Cloud Platforms – AWS (EC2, S3, Lambda, CloudWatch)

PROJECTS

Next-Generation Operator Interface (HCL Technologies)

- Developed a responsive user interface for machine operators using **Blazor** and **C#**, integrating real-time data streams for enhanced machine control.
- Implemented state management patterns and component-based architecture to ensure maintainability and scalability of the UI codebase.
- Collaborated with UI/UX designers to translate wireframes and mockups into functional, intuitive user interface elements.

Machine Control Software Integration (HCL Technologies)

- Integrated backend services with the frontend UI using **gRPC** for efficient inter-service communication in a distributed system.
- Wrote unit and integration tests for UI components to ensure code quality and prevent regressions, achieving 85% code coverage.
- Participated in code reviews for the core machine control software, adhering to established coding standards and best practices.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
