PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Administered **Microsoft 365 environment**, including Exchange, Teams, SharePoint, and OneDrive, resolving Level 2/3 incidents and technical issues for enterprise users.
- Managed **Windows Server (2016 onwards)** and **Active Directory** infrastructure, including Group Policy configuration and updates to ensure consistent user environments.
- Enhanced endpoint security and access controls using **Microsoft Defender** and **Entra ID**, implementing DLP policies to protect sensitive data.
- Developed and maintained **PowerShell scripts** to automate routine support tasks and configuration management processes, reducing manual intervention by approximately 30%.
- Proposed and documented infrastructure changes through change advisory board (CAB) and architecture review board (ARB) processes, ensuring adherence to established protocols.
- Created and updated comprehensive **technical documentation and procedures** for M365 administration and support, facilitating knowledge sharing across the IT team.
- Coordinated with internal teams, business stakeholders, and external partners on technology deployments and issue resolution, ensuring seamless service delivery.

SKILLS

M365 Administration – Exchange Online, Teams, SharePoint Online, OneDrive for Business, Microsoft Defender, Entra ID

Server & Directory Services – Windows Server 2016, Windows Server 2019, Windows Server 2022, Active Directory, Group Policy

Scripting & Automation – PowerShell

Security & Compliance – Endpoint Security, Access Controls, Data Loss Prevention (DLP)

Infrastructure Management – Change Management, CAB, ARB, Technical Documentation, Incident Resolution

PROJECTS

M365 Tenant Configuration & Security Hardening

- Configured and optimized **Microsoft 365** tenant settings for a simulated enterprise environment, focusing on security best practices for Exchange Online, Teams, and SharePoint.
- Implemented granular access controls and conditional access policies within **Entra ID** to manage user permissions and enhance security posture.
- Developed a set of **PowerShell scripts** to automate the deployment of common M365 application settings and security configurations across user profiles.

Active Directory & Group Policy Automation

- Designed and deployed automated scripts for managing user accounts and group memberships within an **Active Directory** lab environment, streamlining onboarding processes.
- Created and tested complex **Group Policy Objects (GPOs)** to enforce security standards and configure user/computer settings across a Windows Server domain.
- Documented the configuration and troubleshooting steps for common AD and GPO-related issues, forming the basis for a knowledge base article.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
