PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Managed the **day-to-day operations** of the Utilities Helpdesk, reviewing and prioritizing maintenance requests to align with business objectives and operational needs.
- Coordinated **preventive, predictive, and corrective maintenance activities** across site utilities, ensuring efficient scheduling and resource allocation through the **CMMS**.
- Led **Root Cause Analysis (RCA)** investigations for major equipment failures and recurring maintenance issues, developing and implementing corrective action plans to enhance **asset reliability**.
- Developed and maintained **KPI reporting systems** for utilities maintenance, monitoring metrics such as **PM Compliance, Work Order Backlog, and Equipment Availability** for performance analysis.
- Acted as the primary liaison for **contractor and vendor management**, ensuring service providers met planned maintenance schedules and contractual obligations, and reviewing contractor reports.
- Promoted a strong **safety culture** by reviewing and approving **Risk Assessments, Method Statements (RAMS), and Permit-to-Work** documentation for all maintenance activities.
- Contributed to **continuous improvement initiatives** by standardizing maintenance processes and identifying opportunities to reduce reactive maintenance and improve work planning effectiveness, impacting **maintenance efficiency**.

SKILLS

Maintenance Planning & Scheduling – Preventive Maintenance, Predictive Maintenance, Corrective Maintenance, Statutory Maintenance, CMMS, Resource Allocation, Equipment Shutdowns, Permit-to-Work

Operations Management – Helpdesk Operations, Work Order Management, Contractor Management, Vendor Management, Site Management, Operational Excellence, Process Standardization

Reliability Engineering – Root Cause Analysis (RCA), Asset Reliability, MTBF, MTTR, Downtime Analysis, Reliability Trends, Continuous Improvement, Lean Maintenance, TPM

Performance Monitoring & Reporting – KPI Reporting, Data Analysis, Maintenance Strategies, Budget Control, Stakeholder Reporting, EHS Requirements, Regulatory Compliance

Safety & Compliance – Risk Assessment, Method Statements (RAMS), Control of Hazardous Energy (COHE), Safety Culture, Audits, Incident Investigations, Site Procedures

PROJECTS

Site Maintenance Operations Enhancement (HCL Technologies)

- Streamlined maintenance scheduling and work order management for an enterprise client's critical systems, improving **on-time completion rates by 18%**.
- Developed standardized **maintenance procedures and job plans** for common utility tasks, reducing variability and enhancing consistency across a team of 15 technicians.
- Managed the allocation of resources and contractor schedules to minimize operational disruption during planned **equipment shutdowns** and maintenance windows.

Reliability Improvement Initiative for Operational Dashboards (HCL Technologies)

- Analyzed **maintenance effectiveness and reliability trends** using data from the client's operational dashboards, identifying recurring failures in key utility assets.
- Conducted **Root Cause Analysis (RCA)** on 5 critical equipment failures, leading to the implementation of targeted corrective actions that reduced repeat incidents by ~30%.
- Collaborated with operations teams to gather requirements for improved **performance monitoring and reporting**, focusing on key metrics like MTTR and PM compliance.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
