PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Designed and developed **REST APIs** using **Java Spring Boot** for cross-service communication, implementing request validation and circuit-breaker patterns.
- Engineered **Python** scripts to automate data extraction and transformation tasks for scheduled reporting, processing approximately **50,000 records** per run.
- Supported and maintained enterprise applications on **AWS** (EC2, S3, Lambda) by monitoring performance using **Splunk** and responding to P1/P2 incidents.
- Collaborated with product managers and designers to translate business requirements into technical specifications for new software features.
- Optimized application performance and scalability by analyzing bottlenecks and implementing efficient code solutions.
- Troubleshot and resolved complex technical issues across the software development lifecycle, ensuring timely delivery of fixes.
- Containerized applications using **Docker** and managed deployments within a **Jenkins** CI/CD pipeline, reducing deployment time by **15%**.

SKILLS

Frontend – React, Angular

Backend – .NET / .NET Core, Java Spring Boot, REST APIs

Database – SQL, Azure SQL Database

Cloud – Azure native services, Azure Functions, Azure App Services, AWS

Development Tools – Git, Jenkins, Docker, Jira

Programming Languages – C#, Python, Java, SQL

PROJECTS

Marketing Automation Feature Development

- Developed new features for a marketing automation platform using **React** and **.NET Core**, enhancing user engagement capabilities.
- Integrated **Azure Functions** to process and deliver marketing campaign data, improving data processing efficiency by **20%**.
- Wrote unit and integration tests for new components, ensuring code quality and adherence to performance standards.

Cloud-Native Application Enhancement

- Enhanced an existing enterprise application by migrating key services to **Azure App Services**, improving scalability and reducing operational overhead.
- Implemented **SQL** database schema changes and optimized queries in **Azure SQL Database** to support new application features, speeding up data retrieval by **~18%**.
- Collaborated with a senior developer to refactor legacy code, applying modern design patterns for better maintainability.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
