HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • **Stamp 1G — Full-Time Work Eligible**

PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Coordinated **setting out** and **surveying** activities for drainage and earthworks packages, ensuring adherence to engineering drawings and **as-built records**.
- Managed **utility installations** and diversions, including conducting **inspections** and verifying **testing** protocols to meet project specifications.
- Planned site resources and coordinated **engineers** and **subcontractors** across multiple work packages, resolving interface constraints to maintain project **programme**.
- Supported **health, safety, and environmental controls**, contributing to **risk assessments** and method statements, and overseeing quality **inspections**.
- Liaised with project, design, and commercial teams to maintain accurate **quantities** and **progress records** for project handover documentation.
- Mentored and supported **junior engineers** on site, providing guidance on technical queries and site execution best practices.
- Developed and maintained **SharePoint** site for electronic document management, tracking revisions and ensuring controlled access to project drawings and technical queries.

SKILLS

Civil Engineering – Drainage, Earthworks, Structures, Utilities, Setting Out, Surveying, As-Built Records, Inspections, Testing, Subcontractor Coordination

Site Management – Resource Planning, Progress Monitoring, Work-Package Interfaces, Health & Safety Controls, Quality Assurance, Risk Assessment, Method Statements

Software & Tools – AutoCAD, Microsoft Excel, SharePoint, GNSS, Total Stations, Digital Levels

Project Documentation – Technical Queries, Handover Records, Drawing Reviews, Site Safety

Core Competencies – Problem-Solving, Communication, Record-Keeping, Planning

PROJECTS

Site Infrastructure Development for Utilities and Drainage

- Managed the end-to-end delivery of a **drainage** and **utility** infrastructure package for a large-scale civil project, coordinating multiple subcontractors.
- Oversaw the **setting out** and execution of **concrete structures**, ensuring precise alignment with design specifications and quality standards through rigorous inspections.
- Implemented a new digital system for tracking **as-built records** and site progress, reducing data entry time by approximately 30% and improving handover accuracy.

Earthworks and Structural Interface Coordination

- Coordinated **earthworks** operations, including bulk excavation and compaction, ensuring compliance with specified **terrain models** and quality control checks.
- Managed the interface between **earthworks** and subsequent **structural** installations, resolving technical queries related to foundation interfaces and site preparation.
- Developed detailed **progress reports** and updated **engineering drawings** based on site modifications, facilitating clear communication with design and project management teams.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
