PROFESSIONAL EXPERIENCE — 3.5+ YEARS

Trust & Safety Agent — Accenture, Dublin, Ireland

Jul 2026 – Present

- Review and action user-generated content and account reports against a large-scale online platform's **community standards** and policies.
- Investigate escalated abuse cases including harassment, hate speech, scams, and graphic content, documenting enforcement decisions.
- Identify and flag emerging abuse trends through **content review** and analysis of user-reported incidents.
- Achieve and maintain quality-audit, calibration, accuracy, and productivity targets for policy enforcement.

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Developed Java Spring Boot features and REST APIs, ensuring data integrity for system integrations.
- Applied SQL (PostgreSQL, MySQL) for data validation and ad-hoc queries supporting operational reporting.
- Authored Python scripts for automation, data pipelines, and generating scheduled reports for business insights.
- Managed production support for enterprise applications, responding to P1/P2 incidents under strict SLAs.
- Monitored application health using Splunk and CloudWatch, performing log analysis for issue resolution.
- Handled **escalations** from support teams, documenting incident details and contributing to runbooks.
- Collaborated with business analysts on requirements and UAT for system enhancements and post-implementation triage.

SKILLS

Trust & Safety – policy enforcement, community guidelines, content review, escalations, risk assessment, fraud, account takeover, card testing.

Investigation & Analysis – high-risk accounts, fraud patterns, root cause analysis, data analysis, investigative processes.
