PROFESSIONAL EXPERIENCE — 3.5+ YEARS

Trust & Safety Agent — Accenture, Dublin, Ireland

Jul 2026 – Present

- Review and action user-generated content and account reports against a large-scale online platform's **community standards** and policies.
- Investigate **escalated abuse cases** including harassment, hate speech, scams, inauthentic behaviour, and graphic content.
- Document enforcement decisions and flag emerging **abuse trends** to inform policy updates and platform improvements.
- Meet quality-audit, calibration, accuracy, and productivity targets for content review and **policy enforcement**.

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Develop Java Spring Boot features and fix bugs for existing services, including REST API development.
- Implement Python scripting for automation, data pipelines, ETL, and scheduled reporting.
- Perform SQL queries for ad-hoc data validation and manage schema changes on PostgreSQL, MySQL, and Oracle databases.
- Manage production support and monitoring for enterprise applications using Splunk and CloudWatch, ensuring SLA adherence.
- Respond to P1/P2 incidents, performing log analysis and shell scripting for quick resolution.
- Collaborate with operations teams and business analysts for requirements, UAT support, and post-implementation triage.
- Monitor transaction flows and operational alerting for failed or stuck payment messages in a financial-services context.
