

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Accomplished **data modeling** and **data warehousing**, as measured by a **30%** reduction in data processing time, by designing and implementing **Power BI** dashboards and **SQL** databases.
- Achieved **95%** accuracy in **predictive analytics**, as measured by **RMSE** metrics, by developing and deploying **machine learning** models using **Python** and **scikit-learn**.
- Enhanced **data visualization** capabilities, as measured by a **25%** increase in stakeholder engagement, by creating interactive **Tableau** dashboards and **Power BI** reports.
- Improved **data quality** and **data integrity**, as measured by a **20%** reduction in data errors, by implementing **data validation** and **data cleansing** processes using **Python** and **pandas**.
- Optimized **database performance**, as measured by a **40%** reduction in query execution time, by tuning **SQL** queries and **indexing** strategies using **PostgreSQL** and **MySQL**.
- Developed and deployed **statistical models**, as measured by a **90%** accuracy rate, by applying **regression analysis** and **hypothesis testing** techniques using **R** and **statistical modeling**.

SKILLS

Data Science – machine learning, predictive analytics, data modeling, data warehousing.

Data Visualization – Power BI, Tableau, data storytelling, visualization best practices.

Programming Languages – Python, R, SQL, Java.

Data Management – data quality, data integrity, data validation, data cleansing.

Database Management – PostgreSQL, MySQL, database performance tuning, indexing strategies.

Statistical Analysis – regression analysis, hypothesis testing, statistical modeling, data analysis.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Predictive Analytics Platform (HCL Technologies)

- Developed and deployed a **predictive analytics** platform using **machine learning** models and **Python**, resulting in a **25%** increase in forecast accuracy.
- Designed and implemented a **data warehousing** solution using **SQL** and **PostgreSQL**, resulting in a **30%** reduction in data processing time.
- Created interactive **Tableau** dashboards and **Power BI** reports to visualize **predictive analytics** results, resulting in a **20%** increase in stakeholder engagement.

Data Quality and Integrity Project (HCL Technologies)

- Implemented **data validation** and **data cleansing** processes using **Python** and **pandas**, resulting in a **20%** reduction in data errors.
- Developed and deployed a **data quality** dashboard using **Power BI** to track and monitor **data quality** metrics, resulting in a **15%** increase in data quality awareness.
- Collaborated with stakeholders to design and implement a **data governance** framework to ensure **data integrity** and **data quality**.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
