PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Designed **data pipelines** using **Python** and **SQL** to achieve a **30%** reduction in data processing time, as measured by **pipeline throughput**, by implementing **optimized ETL workflows**.
- Developed **data visualizations** using **Power BI** and **Tableau** to improve business insights, as measured by **stakeholder engagement**, by creating **interactive dashboards** with **real-time data updates**.
- Improved **data quality** by **25%** through the implementation of **data validation** and **data cleansing** scripts using **Python** and **SQL**, as measured by **data accuracy metrics**, by automating **data quality checks**.
- Enhanced **data security** by implementing **GDPR** and **data protection** protocols, as measured by **compliance audits**, by designing and deploying **secure data storage solutions** using **AWS** and **encryption**.
- Optimized **database performance** by **40%** through the use of **indexing** and **caching** techniques, as measured by **query execution times**, by refactoring **inefficient database queries** using **SQL** and **PostgreSQL**.
- Collaborated with **cross-functional teams** to design and implement **data-driven solutions** using **Agile** methodologies, as measured by **project delivery timelines**, by leading **data engineering projects** with **clear requirements** and **defined metrics**.

SKILLS

Data Engineering – Python, SQL, ETL, data pipelines, data validation, data cleansing.

Data Visualization – Power BI, Tableau, data visualizations, interactive dashboards, real-time data updates.

Cloud Computing – AWS, cloud storage, cloud security, encryption, compliance.

Database Management – PostgreSQL, MySQL, Oracle, database performance, indexing, caching.

Collaboration Tools – Agile, Jira, Confluence, cross-functional teams, project delivery, requirements gathering.

Data Science – Python, R, statistics, machine learning, data modeling, data warehousing.

Security and Compliance – GDPR, data protection, security protocols, access control, encryption.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Real-Time Data Analytics Platform (HCL Technologies)

- Designed and implemented a **real-time data analytics platform** using **Python**, **SQL**, and **Power BI** to provide **real-time insights** to business stakeholders, as measured by **dashboard adoption rates**, by developing **interactive dashboards** with **data visualizations**.
- Improved **data processing times** by **50%** through the use of **optimized ETL workflows** and **data caching** techniques, as measured by **pipeline throughput**, by implementing **data validation** and **data cleansing**.

scripts.

- Collaborated with **cross-functional teams** to design and implement **data-driven solutions** using **Agile** methodologies, as measured by **project delivery timelines**, by leading **data engineering projects** with **clear requirements** and **defined metrics**.

Data Quality and Compliance Project (HCL Technologies)

- Improved **data quality** by **30%** through the implementation of **data validation** and **data cleansing** scripts using **Python** and **SQL**, as measured by **data accuracy metrics**, by automating **data quality checks**.
- Enhanced **data security** by implementing **GDPR** and **data protection** protocols, as measured by **compliance audits**, by designing and deploying **secure data storage solutions** using **AWS** and **encryption**.
- Developed and implemented **data governance policies** and **procedures** to ensure **data compliance** and **data security**, as measured by **audit results**, by collaborating with **cross-functional teams** to design and implement **data-driven solutions**.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
