PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Managed **production support and monitoring** for enterprise applications using **Splunk, CloudWatch, and Dynatrace**, ensuring **SLA compliance** and rapid resolution of **P1/P2 incidents** in fast-paced environments with attention to detail and problem-solving.
- Developed **Python** automation scripts for **data pipelines, ETL workflows, and scheduled reporting**, demonstrating adaptability and the ability to focus on repetitive, accuracy-critical tasks in dynamic operational settings.
- Performed **SQL** query development and data validation across **PostgreSQL, MySQL, and Oracle** databases, assessing data accuracy and integrity against business requirements and compliance standards.
- Built and maintained **REST APIs** using **Java Spring Boot**, collaborating with cross-functional teams via **Git, Jenkins CI/CD pipelines, and Jira** to deliver reliable features and resolve defects.
- Demonstrated excellent verbal and written communication through **Agile/Scrum ceremonies, code reviews, and Confluence documentation**, engaging effectively with stakeholders in a collaborative, global team environment.
- Deployed and managed applications on **AWS (EC2, S3, Lambda, CloudWatch)** and containerized services using **Docker**, while performing **Linux log analysis and shell scripting** for system reliability and troubleshooting.

SKILLS

Data & Analytics – Python, SQL, pandas, NumPy, data validation, ETL pipelines.

Backend & APIs – Java, Spring Boot, REST APIs, Flask, FastAPI.

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git.

Databases – PostgreSQL, MySQL, Oracle, schema design.

Monitoring & Compliance – Splunk, Dynatrace, SLA management, incident response.

Tools & Platforms – Jira, Confluence, Linux, shell scripting.

Languages – English (IELTS Band 7), Italian (conversational).

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Application Monitoring & Incident Management (HCL Technologies)

- Monitored and maintained SLA compliance for mission-critical enterprise **Java/.NET applications** serving high-volume production workloads using **Splunk, CloudWatch, and Dynatrace**.

- Responded to and resolved **P1/P2 incidents** with rapid diagnosis and remediation, demonstrating problem-solving ability and focus under pressure in a dynamic operational environment.
- Collaborated with development and infrastructure teams to implement monitoring improvements and reduce incident response times through detailed root-cause analysis and Confluence documentation.

Data Pipeline Automation & ETL Framework (HCL Technologies)

- Designed and implemented **Python-based data pipelines** for **ETL workflows and scheduled reporting**, automating manual processes and improving data accuracy across enterprise systems.
- Validated data integrity using **SQL** queries and **pandas** analysis, ensuring compliance with client policies and business requirements before data ingestion into downstream platforms.
- Deployed automation solutions via **Jenkins CI/CD pipelines** and **AWS Lambda**, enabling repeatable, compliance-aware data processing in a scalable cloud environment.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
