PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Designed and solved **diverse coding problems** across **Java, Python, and SQL** in production environments, writing clear, high-quality code snippets with detailed technical explanations for enterprise systems serving thousands of users.
- Evaluated and debugged **AI-generated code** for accuracy, performance, and clarity using **Spring Boot REST APIs** and **AWS Lambda** functions; provided actionable feedback to improve system reliability and code quality.
- Built and maintained **REST APIs** using **Java Spring Boot**, demonstrating proficiency in designing scalable backend solutions with clear documentation and rigorous code reviews via Git and Jenkins.
- Developed **Python automation scripts** and **data pipelines** using **pandas and NumPy** for ETL workflows; synthesized insights through querying **PostgreSQL, MySQL, and Oracle** databases and provided detailed analysis.
- Deployed and optimized applications on **AWS (EC2, S3, Lambda, CloudWatch)** with containerization using **Docker**; managed CI/CD pipelines via **Jenkins** ensuring reliable code delivery and system stability.
- Collaborated with cross-functional teams in Agile/Scrum environments, communicating technical decisions and problem-solving approaches with excellent written and verbal clarity; supported production systems with P1/P2 incident response and SLA management.

SKILLS

Programming Languages – Java, Python, C, SQL, JavaScript.

Backend & Frameworks – Spring Boot, REST APIs, FastAPI, Flask.

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git.

Databases – PostgreSQL, MySQL, Oracle.

Data & Analytics – pandas, NumPy, ETL pipelines, data validation.

Tools & Platforms – Splunk, Dynatrace, Jira, Linux, shell scripting.

Frontend Exposure – React, Angular, web development fundamentals.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Java Application Support & API Enhancement (HCL Technologies)

- Supported production **Java Spring Boot** microservices across multiple environments; developed and debugged **REST APIs** for new features, ensuring code quality through peer reviews and adherence to design patterns.

- Evaluated code performance and correctness using **AWS CloudWatch** and **Dynatrace** monitoring; identified bottlenecks and provided detailed technical feedback to improve reliability and execution efficiency.
- Maintained comprehensive API documentation and code snippets, demonstrating clear communication of technical concepts to both engineering teams and stakeholders.

Data Pipeline Automation & ETL Development (HCL Technologies)

- Designed and deployed **Python**-based **ETL pipelines** using **pandas** and **NumPy** to process and validate data across multiple sources; scheduled jobs via cron and monitored execution with **CloudWatch**.
- Developed **SQL queries** against **PostgreSQL, MySQL, and Oracle** databases for ad-hoc analysis, schema changes, and data integrity validation; synthesized insights for business stakeholders.
- Containerized automation workflows using **Docker** and integrated with **Jenkins CI/CD pipelines**, enabling reliable, repeatable deployments and reducing manual intervention by **40%**.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
