

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Supported **production monitoring and reliability engineering** for enterprise applications using **Splunk, CloudWatch, and Dynatrace**, managing SLA compliance and P1/P2 incident response across multiple production systems
- Designed and implemented **Python automation scripts** for data pipelines, ETL workflows, and scheduled reporting, improving operational efficiency and reducing manual intervention by approximately **30%**
- Executed **Java Spring Boot** feature development and REST API enhancements on production services, collaborating across multi-disciplinary teams to deliver system improvements within project timelines
- Provisioned and managed **AWS cloud infrastructure** (EC2, S3, Lambda, CloudWatch) and containerized applications using **Docker**, supporting scalable deployment across production environments
- Applied **CI/CD best practices** through **Jenkins pipeline** configuration, Git version control, and code review participation, ensuring safe and controlled software delivery
- Demonstrated strong **problem-solving and communication skills** in fast-paced Agile/Scrum environments, contributing to continuous improvement initiatives and cross-functional project coordination

SKILLS

Programming & Scripting – Python, Java, SQL, Shell scripting.

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux.

Databases & Data Engineering – PostgreSQL, MySQL, Oracle, pandas, NumPy, ETL.

Software Engineering & DevOps – Spring Boot, REST APIs, Jenkins, Git, CI/CD pipelines.

Monitoring & Observability – Splunk, Dynatrace, production support, incident management.

Project & Process Management – Jira, Confluence, Agile/Scrum, ticketing, technical documentation.

Office & Productivity – Microsoft Office, technical writing.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Production Support & System Monitoring (HCL Technologies)

- Provided real-time **production monitoring and SLA management** for enterprise Java/.NET applications, utilizing **Splunk and CloudWatch** to identify and escalate critical incidents within defined timeframes
- Responded to P1/P2 incidents by performing **root-cause analysis** and collaborating with development teams to implement fixes, achieving consistent uptime targets across multiple production systems

- Developed **Linux shell scripts and automation workflows** to streamline log analysis, data validation, and routine operational tasks, reducing manual effort and improving system reliability

Data Pipeline & Automation Engineering (HCL Technologies)

- Architected and deployed **Python-based ETL pipelines** for multi-source data integration and transformation, supporting scheduled reporting and analytics workflows across enterprise systems
- Optimized **SQL queries** (PostgreSQL, MySQL, Oracle) for data validation and schema management, ensuring data integrity and supporting ad-hoc analytical requirements
- Integrated automation scripts with **AWS Lambda and CloudWatch** for event-driven processing and monitoring, enabling seamless data pipeline orchestration in cloud environments

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
