

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Managed production support and reliability engineering for enterprise applications using **Splunk, CloudWatch, and Dynatrace**, responding to critical incidents with **SLA adherence** and root-cause analysis to prevent recurrence
- Developed and maintained **Python** automation scripts for data pipelines, ETL workflows, and scheduled reporting, improving operational efficiency and reducing manual task overhead
- Created and optimized **SQL queries** across **PostgreSQL, MySQL, and Oracle** databases for ad-hoc data validation, schema modifications, and reporting to support decision-making
- Built and deployed **Java Spring Boot** REST APIs and microservices on **AWS** infrastructure (**EC2, S3, Lambda**), containerized with **Docker**, and automated via **Jenkins CI/CD pipelines**
- Collaborated with cross-functional teams using **Jira, Confluence, and Git** in Agile/Scrum environments, maintaining code quality through peer reviews and enforcing best practices
- Demonstrated strong attention to detail and problem-solving skills by diagnosing production issues, liaising with stakeholders, and documenting solutions for knowledge management and future reference

SKILLS

3D Modelling & CAD – AutoCAD, 3D modelling software proficiency, technical drawing interpretation.

Software Development – Java, Spring Boot, Python, REST APIs, Flask, FastAPI.

Databases & Data Engineering – PostgreSQL, MySQL, Oracle, SQL, data pipelines, ETL, pandas, NumPy.

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux.

DevOps & Tools – Jenkins, Git, Jira, Confluence, CI/CD workflows.

Manufacturing & Support – Production support, SLA management, Splunk, Dynatrace, incident response, document management.

Core Competencies – Problem-solving, attention to detail, team collaboration, independent work, oral and written communication.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Application Production Support & Reliability Engineering (HCL Technologies)

- Monitored and maintained uptime of mission-critical **Java and .NET applications** across multiple environments, responding to P1/P2 incidents within agreed SLA windows

- Utilized **Splunk, CloudWatch, and Dynatrace** to analyze logs, identify performance bottlenecks, and escalate issues to development teams with detailed troubleshooting documentation
- Collaborated with infrastructure and application teams to resolve production incidents, implement preventative measures, and maintain detailed incident registers and post-mortems

Data Pipeline Automation & API Development (HCL Technologies)

- Engineered **Python** automation scripts for ETL workflows, data validation, and scheduled reporting, reducing manual processing time and improving data accuracy for analytics teams
- Designed and developed **Java Spring Boot REST APIs** for microservices, integrated with **AWS** services, and deployed via **Docker** containers managed through **Jenkins pipelines**
- Performed database optimization using **SQL** across **PostgreSQL, MySQL, and Oracle**, including schema design, query tuning, and support for cutting lists and material specifications across project lifecycles

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
