PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Managed **production support and incident response** for enterprise Java/.NET applications across financial and BFSI clients, handling **P1/P2 incidents** with SLA accountability using **Splunk, CloudWatch, and Dynatrace** monitoring platforms.
- Performed **SQL database analysis and optimization** on **Oracle, PostgreSQL, and MySQL** systems, including schema validation and ad-hoc query development to support business requirements gathering and UAT resolution.
- Developed **Python automation scripts** and **ETL data pipelines** to streamline requirements documentation, reporting, and cross-functional communication between business stakeholders, QA teams, and technical delivery teams.
- Built and maintained **REST APIs using Java Spring Boot** and participated in microservice architecture design, enabling integration between enterprise systems and supporting requirements translation into technical specifications.
- Collaborated with functional business analysts, product SMEs, and solution architects to analyze requirements, document functional specifications, and ensure alignment across business, IT, and QA teams in Agile/Scrum environments.
- Supported UAT execution and post-implementation issue resolution through technical troubleshooting, log analysis using **Linux shell scripting**, and **Git-based CI/CD workflows** via **Jenkins pipelines**.

SKILLS

Domain & Business Analysis – Requirements gathering and analysis, Business-IT liaison, Functional specification documentation, UAT coordination, Stakeholder communication.

Database & SQL – Oracle, PostgreSQL, MySQL, schema design, ad-hoc query development, data validation.

Backend & Microservices – Java, Spring Boot, REST API development, microservice architecture.

Scripting & Automation – Python, ETL pipelines, shell scripting, data engineering, Linux administration.

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, containerization.

DevOps & Tools – Jenkins, Git, CI/CD pipelines, Jira, Confluence, Splunk, Dynatrace.

Education – MSc Data Analytics (National College of Ireland), BE Computer Science (SNS College of Technology).

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India

01/2021

PROJECTS

Enterprise Payment System Production Support & Monitoring (HCL Technologies)

- Provided tier-1 and tier-2 production support for mission-critical **BFSI payment processing applications**, monitoring transaction flows and system health using **Splunk and Dynatrace** to maintain **99.5% SLA uptime**.
- Analyzed payment-related incidents and technical issues, performing root cause analysis through **Oracle database queries** and **Linux log analysis** to resolve data discrepancies and system failures.
- Translated business requirements from stakeholders into clear technical specifications for development and QA teams, ensuring alignment on payment system functionality and regulatory compliance needs.

ETL Automation & Reporting Pipeline (HCL Technologies)

- Designed and implemented **Python-based ETL data pipelines** to extract business requirement documentation from multiple sources, validate data integrity, and generate automated compliance and audit reports.
- Integrated **SQL queries and scheduled jobs** with **Jenkins CI/CD pipelines** to streamline cross-functional reporting and reduce manual business analysis effort by **40%**.
- Collaborated with business stakeholders and QA teams to ensure data accuracy and timely delivery of requirements analysis, enabling faster solution design and implementation cycles.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
