PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Delivered **Level Two technical support** for enterprise Java/.NET applications across **50+ production systems**, managing **P1/P2 incidents** with **SLA accountability** using **Splunk, CloudWatch, and Dynatrace** for real-time monitoring and troubleshooting.
- Owned technical health of assigned client environments by conducting **system checks, security patching, and disaster recovery testing**; proactively identified and resolved **25+ critical infrastructure issues** before escalation.
- Automated routine maintenance and monitoring tasks using **Python scripting, shell scripts, and cron jobs**; created **data pipelines and ETL workflows** to generate scheduled reports and improve incident response time by **30%**.
- Managed configuration and deployment of infrastructure using **AWS (EC2, S3, Lambda, CloudWatch)** and **Docker containerisation**; supported **CI/CD pipelines via Jenkins** to ensure reliable service deployments and system stability.
- Communicated technical findings to stakeholders and senior engineers through clear incident documentation in **Jira and Confluence**; escalated complex problems while maintaining full ownership of client communication and resolution tracking.
- Diagnosed and resolved hardware, software, and network issues across diverse client environments; liaised with third-party vendors and internal teams to troubleshoot complex infrastructure problems and maintain **99%+ uptime SLA** compliance.

SKILLS

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux, system monitoring.

Incident & Problem Management – Splunk, Dynatrace, SLA management, P1/P2 escalation, root cause analysis.

Scripting & Automation – Python, shell scripting, cron jobs, ETL workflows, data pipelines.

Databases & Data – SQL, PostgreSQL, MySQL, Oracle, ad-hoc queries, schema validation.

DevOps & Version Control – Jenkins, Git, CI/CD pipelines, code reviews, Agile/Scrum.

Ticketing & Documentation – Jira, Confluence, knowledge base creation, client IT environment documentation.

Backend Development – Java, Spring Boot, REST APIs, application troubleshooting.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Application Reliability & Incident Response Program (HCL Technologies)

- Established **24/7 production monitoring** framework using **Splunk and CloudWatch**, reducing mean time to resolution (MTTR) by **40%** across **15+ critical enterprise Java/.NET applications**.
- Developed **Python automation scripts** to detect and log recurring issues, escalate alerts based on severity rules, and generate daily incident summary reports for stakeholder review.
- Documented **25+ standard operating procedures (SOPs)** for common incidents and root causes; contributed to internal knowledge base, enabling junior team members to resolve issues independently.

AWS Infrastructure Optimization & Client Environment Management (HCL Technologies)

- Managed **EC2 instance lifecycle, S3 storage, and Lambda function deployments** across **12 assigned client networks**, ensuring security compliance, cost efficiency, and **99.5% uptime**.
- Automated system patching, software updates, and routine maintenance using **shell scripts and cron jobs**; reduced manual intervention tasks by **35%** while maintaining audit trail documentation.
- Conducted quarterly account reviews with clients; gathered feedback on IT performance, identified improvement opportunities, and presented recommendations for infrastructure enhancements and disaster recovery readiness.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
