

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India 09/2021 – 01/2025 (3.5 Years)

- Delivered **production support and incident response** for enterprise applications across **IT Networks and Infrastructure**, managing P1/P2 escalations with **SLA compliance** using **Splunk, CloudWatch, and Dynatrace** monitoring tools
- Maintained system reliability through **preventative monitoring and root cause analysis**, identifying recurring faults and documenting solutions in alignment with quality and health & safety standards
- Automated field operations and data workflows using **Python scripting, ETL pipelines**, and scheduled reporting; developed **REST APIs** in **Java Spring Boot** to support service management processes
- Gained hands-on experience with **IT infrastructure components** including **Linux** systems, **Docker** containerization, **AWS** cloud services (**EC2, S3, Lambda**), and **IP networking** fundamentals
- Completed comprehensive site documentation, defect tracking, and workflow management using **Jira** and version control via **Git**; collaborated with cross-functional teams in **Agile/Scrum** environments
- Demonstrated rapid learning capability across multiple technology stacks and strong problem-solving skills in high-pressure production environments; hold valid driving licence and willingness to work rotating shift patterns

SKILLS

IT & Infrastructure Support – Production support, incident response, SLA management, preventative maintenance, root cause analysis, health & safety compliance.

Networks & Communications – IP networking fundamentals, Linux system administration, AWS infrastructure (EC2, S3, Lambda, CloudWatch), Docker.

Monitoring & Diagnostics – Splunk, Dynatrace, CloudWatch, log analysis, troubleshooting, system reliability.

Development & Automation – Python, Java, Spring Boot, REST APIs, ETL pipelines, Git, CI/CD, Jenkins.

Databases & Data – PostgreSQL, MySQL, Oracle, SQL, data validation, schema management.

Service Management – Jira, Confluence, Agile/Scrum, ticketing, documentation, workflow coordination.

Qualifications & Professional – MSc Data Analytics (National College of Ireland), BE Computer Science, IELTS Band 7, valid driving licence.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin 02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India 01/2021

PROJECTS

Enterprise Application Monitoring & Reliability Engineering (HCL Technologies)

- Architected **production monitoring strategy** using **Splunk and Dynatrace** to track application health across **Java and .NET systems**, reducing mean time to resolution (MTTR) for critical incidents
- Implemented **automated alerting and escalation workflows** to manage P1/P2 incidents within defined SLAs; conducted root cause analysis on recurring faults and documented preventative measures aligned with QEHS standards
- Developed **Python-based reporting automation** to provide stakeholders with real-time system performance dashboards, improving visibility into infrastructure reliability and uptime

Cloud Infrastructure & Service Automation (HCL Technologies)

- Deployed and maintained microservices on **AWS** using **EC2, S3, Lambda, and CloudWatch**; containerized applications with **Docker** and automated deployment pipelines via **Jenkins CI/CD**
- Built **REST APIs** in **Java Spring Boot** to support operational tooling and service management workflows, integrated with **PostgreSQL and MySQL** backends for data persistence
- Optimized **ETL data pipelines** and **Linux shell scripting** for scheduled maintenance tasks, reducing manual intervention and improving system uptime across multiple customer environments

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
