PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Supported **production reliability and quality assurance** across enterprise Java/.NET applications, monitoring system health via **Splunk, CloudWatch, and Dynatrace**; managed **P1/P2 incident response** and SLA compliance, ensuring **99.5%+ uptime** on critical services.
- Developed and maintained **automated QA pipelines** using **Python scripting, Jenkins CI/CD**, and **Git**; created data validation frameworks and **ETL workflows** to detect defects early and reduce manual testing overhead by **30%**.
- Conducted **technical compliance reviews** by interpreting application specifications and design documentation; performed **SQL data validation** across **PostgreSQL, MySQL, Oracle** databases to ensure schema integrity and business logic correctness.
- Collaborated with cross-functional teams on **root cause analysis** and corrective action implementation; raised and resolved **Jira defects**, maintaining detailed inspection logs and audit trails aligned with Agile best practices.
- Built and tested **REST APIs** in **Java Spring Boot**; containerized applications using **Docker** and deployed on **AWS (EC2, S3, Lambda)**, ensuring workmanship quality and operational standards across development and production environments.
- Demonstrated strong attention to detail through **Linux log analysis, shell scripting**, and systematic troubleshooting; promoted quality culture by participating in code reviews and documenting lessons learned to drive continuous improvement.

SKILLS

Quality Assurance & Compliance – Production monitoring, Incident response, SLA management, Defect tracking, Root cause analysis, Data validation.

Engineering & Automation Tools – Jenkins, Git, Jira, Splunk, Dynatrace, Docker, CloudWatch.

Database & Data Management – SQL, PostgreSQL, MySQL, Oracle, Python scripting, ETL workflows, pandas, NumPy.

Backend Development – Java Spring Boot, REST APIs, Python, Flask, FastAPI.

Cloud & Infrastructure – AWS (EC2, S3, Lambda), Linux, Shell scripting.

Soft Skills – Technical documentation, Cross-functional collaboration, Communication, Organizational skills, MS Office.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Application Reliability & Quality Assurance (HCL Technologies)

- Maintained **production support** for multi-tier Java/.NET enterprise applications serving **500+** concurrent users; monitored system health using **Splunk, CloudWatch, Dynatrace** and responded to **P1/P2 incidents** within SLA windows, achieving **99.5%+ availability**.
- Designed and implemented **automated quality validation frameworks** using **Python and SQL** to perform daily health checks on database integrity, transaction accuracy, and application state; reduced manual inspection time by **~35%**.
- Collaborated with development and operations teams to document non-conformances, conduct root cause analysis, and implement corrective actions; maintained comprehensive **quality audit logs** in **Jira** for compliance and continuous improvement tracking.

Data Pipeline & Quality Control Automation (HCL Technologies)

- Engineered **Python-based ETL workflows** and **automated data pipelines** to validate **SQL datasets** across **PostgreSQL and Oracle**; implemented validation rules to ensure schema compliance and data quality, catching **15+ critical defects** before production deployment.
- Built **Jenkins CI/CD pipelines** with **Git** branching strategy to automate testing and quality gates; reviewed code and technical specifications to ensure alignment with project requirements.
- Containerized data processing applications using **Docker** and deployed on **AWS Lambda** for scheduled reporting; created detailed documentation and maintained inspection records to support audits and regulatory compliance.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
