PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Evaluated and analyzed **enterprise application performance** across production systems using **Splunk, CloudWatch, and Dynatrace**, identifying inconsistencies and improvement opportunities to maintain **99%+ SLA compliance** and deliver actionable insights to development teams.
- Designed and executed **Python-based data pipelines and ETL workflows** for quality assurance, applying structured validation criteria to ensure **high accuracy and consistency** across diverse datasets and reporting outputs.
- Demonstrated strong **critical thinking and attention to detail** through **code reviews, defect analysis, and REST API testing**, providing nuanced feedback on feature implementation and identifying edge cases in complex scenarios.
- Collaborated cross-functionally with **development, QA, and operations teams** to define quality standards, refine evaluation processes, and establish best practices for **continuous enhancement of workflow reliability**.
- Applied **SQL expertise (PostgreSQL, MySQL, Oracle)** to conduct ad-hoc data validation, schema analysis, and content quality checks, ensuring reliable and actionable results for stakeholder decision-making.
- Maintained **exceptional written and verbal communication** through Jira ticketing, Confluence documentation, and Agile ceremonies, demonstrating strong ownership and commitment to delivering high-quality deliverables in ambiguous, fast-paced environments.

SKILLS

Data Analysis & Quality Assurance – Data validation, ETL workflows, critical evaluation, annotation, QA methodologies.

Technical & Programming – Python, SQL (PostgreSQL, MySQL, Oracle), Java Spring Boot, REST APIs, pandas, NumPy.

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins CI/CD, Git.

Monitoring & Observability – Splunk, Dynatrace, CloudWatch, log analysis, incident response.

Communication & Collaboration – Written and verbal communication, Jira, Confluence, Agile/Scrum, cross-functional teamwork.

Core Competencies – Attention to detail, reading comprehension, aesthetic judgment, rapid learning, reliability, ownership.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Application Performance Monitoring & Evaluation (HCL Technologies)

- Built comprehensive **monitoring and evaluation workflows** for mission-critical Java/.NET applications, reviewing system outputs and performance metrics to identify weaknesses, inconsistencies, and opportunities for model/process improvement.
- Established **quality standards and scoring criteria** for SLA-driven incident evaluation, ensuring **consistent and reliable assessment** of P1/P2 incidents and application behavior across diverse environments.
- Collaborated with infrastructure and development teams to refine **evaluation guidelines and best practices**, contributing to continuous enhancement of incident response and observability processes.

Data Pipeline Development & Content Quality Validation (HCL Technologies)

- Designed and implemented **Python-based ETL pipelines** with **structured validation logic** to assess data quality, consistency, and accuracy across scheduled reporting workflows and ad-hoc data requests.
- Applied **meticulous attention to detail** and **critical thinking** to validate complex datasets using **SQL queries**, identifying edge cases and anomalies that informed downstream analytics and business decisions.
- Maintained high standards of **accuracy and reliability** through automated testing, logging, and documentation, ensuring **actionable results** delivered to stakeholders with clear, insightful feedback on data integrity.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
