# HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • **Stamp 1G — Full-Time Work Eligible**

## PROFESSIONAL EXPERIENCE — 3.5 YEARS

**Software Engineer — HCL Technologies, Chennai, India** Sep 2021 – Jan 2025

- Developed and modified 2D games using the **Defold game engine**, focusing on core mechanics and player controls.
- Wrote and maintained **Lua scripts** to implement game functionality, logic, and event handling within the Defold environment.
- Worked extensively with Defold **game objects, components, and animations** to create dynamic and interactive gameplay elements.
- Debugged technical issues and optimized game performance to deliver **smooth gameplay experiences** across various scenarios.
- Produced clear, step-by-step technical documentation and instructions for game development assignments, aiding knowledge transfer.
- Completed advanced game development tasks, including the implementation of complex animations and responsive UI elements.
- Containerized game development environments using **Docker** for consistent builds and deployments across different machines.

## SKILLS

**Game Engine** – Defold

**Scripting Language** – Lua

**Development Tools** – Docker, Git, Jenkins

**Operating Systems** – Linux

**Data Handling** – SQL, PostgreSQL, MySQL, Oracle

**Programming Languages** – Java, Python, Spring Boot

**Cloud Platforms** – AWS (EC2, S3, Lambda, CloudWatch)

## PROJECTS

### Interactive 2D Platformer Engine (Defold)

- Developed a reusable 2D platformer engine in Defold, integrating custom Lua scripts for player movement, physics, and enemy AI.
- Implemented a component-based architecture for game objects, allowing for flexible entity creation and modification.
- Designed and built an intuitive UI system for in-game menus and HUD elements using Defold's GUI system.

### Lua-based Game Logic Framework

- Created a modular Lua framework for managing game state, player input, and scene transitions in a Defold project.
- Integrated **Lua scripting** with Defold's **game objects and components** to dynamically alter gameplay based on player actions.
- Documented the framework's API and usage patterns, enabling faster development cycles for new game features.

## EDUCATION

**M.Sc. Data Analytics — National College of Ireland, Dublin** Feb 2026

**B.E. Computer Science — SNS College of Technology, Coimbatore, India** 2021

## CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
