PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Provided remote and telephone support for a diverse client base, resolving **Windows** and **Microsoft 365** issues to maintain service continuity.
- Monitored client **server** and **network environments**, performing daily **security** and **backup checks**, and escalating critical issues via the ticketing system.
- Installed, configured, and troubleshot a variety of **IT hardware** and **software** for end-users, ensuring operational readiness and user satisfaction.
- Managed remote systems, executing routine maintenance and administrative tasks to ensure system integrity and performance.
- Assisted senior engineers with project installations and configurations, gaining exposure to diverse client technologies and environments.
- Maintained detailed records of all work performed in the **ticketing and documentation systems**, ensuring clear communication and adherence to SLAs.
- Identified opportunities for system improvements and operational efficiencies within client IT infrastructures, proposing solutions to enhance service delivery.

SKILLS

Operating Systems – Windows, Linux

Cloud & SaaS – Microsoft 365

Networking – Basic Networking

Support Tools – Ticketing Systems, Remote Monitoring

Hardware – IT Hardware Troubleshooting

Software – IT Software Installation & Configuration

PROJECTS

Enterprise Application Support & Automation (HCL Technologies)

- Provided production support for enterprise applications, including **SLA management** and **P1/P2 incident response** using tools like **Splunk** and **Dynatrace**.
- Developed **Python scripts** for automating ETL processes and generating scheduled reports, improving data processing efficiency by approximately **20%**.
- Performed **SQL queries** and data validation across PostgreSQL and Oracle databases for troubleshooting and change management activities.

Client IT System Enhancement & Documentation (HCL Technologies)

- Supported and integrated enterprise business systems, including **ERP modules**, performing change-control management for system updates and UAT coordination.
- Documented system configurations and troubleshooting steps in **Confluence**, contributing to a knowledge base that reduced average ticket resolution time by **15%**.
- Collaborated with cross-functional teams to gather requirements and provide post-implementation support for interconnected systems.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS
