PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Provided comprehensive onsite and remote technical support for **hardware, software, and connectivity issues** across a user base of approximately 250 employees.
- Managed user accounts, access rights, and permissions for **Microsoft 365** and various business applications, ensuring adherence to security policies.
- Installed and configured **laptops, desktops, and peripherals** for new hires and existing staff, completing approximately 15-20 setups per month.
- Troubleshot and resolved complex network, VPN, printer, and device issues, reducing average ticket resolution time by **18%** through improved diagnostic procedures.
- Supported system maintenance activities including **backups, recovery testing, and software patching**, contributing to a 98% system availability rate.
- Assisted with server and infrastructure maintenance tasks, including log analysis and basic shell scripting on **Linux** systems to monitor performance.
- Collaborated with external suppliers to effectively resolve technical issues, escalating and tracking issues through to completion and maintaining clear **documentation**.

SKILLS

Operating Systems – Windows, macOS, Linux

Cloud & Applications – Microsoft 365, AWS (EC2, S3, Lambda, CloudWatch)

Networking – TCP/IP, DNS, DHCP, VPN

Hardware & Peripherals – Laptops, Desktops, Printers, Servers
