HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • **Stamp 1G — Full-Time Work Eligible**

PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Designed and developed **Power BI** dashboards and interactive reports, integrating data from multiple sources to present insights on customer feedback and operational KPIs.
- Wrote **SQL queries** to extract and analyze data from various sources, ensuring data integrity and quality for reporting purposes.
- Interpreted data, analyzed results using **statistical techniques**, and identified trends and patterns to assist decision-making for customer experience initiatives.
- Developed and maintained **SAP CoE Customer eXperience operational reports**, including cross-team and cross-functional reporting, to enhance service delivery.
- Managed the technical changes to existing **BI systems** to improve their functionality and ensure efficient data processing and reporting.
- Collected and consolidated data from multiple sources, including customer feedback channels, to facilitate interpretation and analysis of **CSAT** and VoC data.
- Collaborated with business stakeholders and technical teams to identify opportunities for automation and process improvement within the **Microsoft Fabric analytics platform**.

SKILLS

BI & Data Visualization – Power BI, Power Query, DAX, Tableau, Data Modelling, Semantic Models

Data Analysis & Reporting – SQL, Statistical Analysis, Trend Analysis, Pattern Identification, KPI Scorecards, SLAs

Data Platforms & Tools – Microsoft Fabric, Data Lakes, Dataflows Gen2

Customer Experience Analysis – Customer Feedback, VoC, CSAT, Qualitative Analysis, Quantitative Analysis

Programming & Scripting – SQL, Python (for scripting and analysis)

Cloud & Data Engineering – Data Ingestion, Data Transformation Pipelines, Data Governance, Data Quality

PROJECTS

Customer Experience Reporting Dashboard (MSc Project)

- Developed interactive **Power BI dashboards** to visualize customer satisfaction (CSAT) scores and feedback trends, consolidating data from multiple survey sources.
- Designed and implemented **DAX measures** and Power Query transformations to clean and model raw customer feedback data into actionable insights for stakeholders.
- Presented key findings and recommendations to a simulated business unit, highlighting areas for service improvement based on **qualitative and quantitative analysis** of customer feedback.

Operational Transaction Monitoring System (HCL Technologies)

- Built and maintained **SQL** scripts to monitor transaction flows within a financial-services operations dashboard, flagging failed or stalled payment messages.
- Collaborated with operations teams to define alerting thresholds and reporting requirements for **transaction monitoring** and reconciliation workflows.
- Contributed to the production support of the dashboard, analyzing logs in **Splunk** to triage and resolve P1/P2 incidents impacting operational visibility.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
